How to Complete the W-4P Form

Please contact a tax professional for any questions regarding any federal tax implications of your Wyoming Retirement System (WRS) monthly benefit. Since every person's tax situation is unique, WRS cannot advise you on what specifically to enter on your form or provide advice. Specific instructions from the IRS can be found here: <https://www.irs.gov/pub/irs-pdf/fw4p.pdf> or use the estimator at www.irs.gov/W4App.

Reminder: If you do not submit a Form W-4P or it is not complete, WRS is required to withhold at the default rate of **"single with no adjustments"**.

W-4P Required fields:

1. **Complete Step 1(a)** - Fill in your first name, last name, home address, city, state and ZIP code.
2. **Complete Step 1(b)** - Enter your full social security number.
3. **Complete Step 5** - Sign and date your form.

W-4P Optional fields Steps 1(c), 2, 3, and 4:

1. ***If you choose to have no federal taxes withheld from your monthly retirement benefit.***
 - a. Under Step 4(c) write **"No Withholding"**
 - b. Do not complete any other steps
2. ***If you choose to have WRS use the IRS Tax Table to calculate how much to withhold from your monthly retirement benefit for Federal Income Taxes.***
 - a. Select your filing status in Step 1(c)
 - b. **(optional)** Fill out Steps 2 – 4(b), **otherwise, leave blank**
 - c. **(optional)** If you choose for WRS to withhold an additional amount on top of the withholding based on the IRS Tax Tables, enter a dollar amount on Step 4(c). **If not, leave it blank.**

Withholding Certificate for Periodic Pension or Annuity Payments

OMB No. 1545-0074

2024

Give Form W-4P to the payer of your pension or annuity payments.

Step 1:

**Enter
Personal
Information**

(a) First name and middle initial	Last name	(b) Social security number
Address		
City or town, state, and ZIP code		
(c) <input type="checkbox"/> Single or Married filing separately <input type="checkbox"/> Married filing jointly or Qualifying surviving spouse <input type="checkbox"/> Head of household (Check only if you're unmarried and pay more than half the costs of keeping up a home for yourself and a qualifying individual.)		

Complete Steps 2–4 ONLY if they apply to you; otherwise, skip to Step 5. See pages 2 and 3 for more information on each step, when to use the estimator at www.irs.gov/W4App, and how to elect to have no federal income tax withheld (if permitted).

**Step 2:
Income
From a Job
and/or
Multiple
Pensions/
Annuities
(Including a
Spouse's
Job/
Pension/
Annuity)**

Complete this step if you (1) have income from a job or more than one pension/annuity, or (2) are married filing jointly and your spouse receives income from a job or a pension/annuity. **See page 2 for examples on how to complete Step 2.**

Do **only one** of the following.

(a) Use the estimator at www.irs.gov/W4App for most accurate withholding for this step (and Steps 3–4). If you or your spouse have self-employment income, use this option; **or**

(b) Complete the items below.

(i) If you (and/or your spouse) have one or more jobs, then enter the total taxable annual pay from all jobs, plus any income entered on Form W-4, Step 4(a), for the jobs less the deductions entered on Form W-4, Step 4(b), for the jobs. Otherwise, enter “-0-” . . . \$

(ii) If you (and/or your spouse) have any other pensions/annuities that pay less annually than this one, then enter the total annual taxable payments from all lower-paying pensions/annuities. Otherwise, enter “-0-” . . . \$

(iii) Add the amounts from items (i) and (ii) and enter the **total** here . . . \$

TIP: To be accurate, submit a new Form W-4P for all other pensions/annuities if you haven't updated your withholding since 2021 or this is a new pension/annuity that pays less than the other(s). Submit a new Form W-4 for your job(s) if you have not updated your withholding since 2019.

Complete Steps 3–4(b) on this form only if (b)(i) is blank **and** this pension/annuity pays the most annually. Otherwise, do not complete Steps 3–4(b) on this form.

Step 3:	If your total income will be \$200,000 or less (\$400,000 or less if married filing jointly):		
Claim Dependent and Other Credits	Multiply the number of qualifying children under age 17 by \$2,000	\$	
	Multiply the number of other dependents by \$500	\$	
	Add other credits, such as foreign tax credit and education tax credits	\$	
	Add the amounts for qualifying children, other dependents, and other credits and enter the total here		3 \$
Step 4 (optional): Other Adjustments	(a) Other income (not from jobs or pension/annuity payments). If you want tax withheld on other income you expect this year that won't have withholding, enter the amount of other income here. This may include interest, taxable social security, and dividends	4(a)	\$
	(b) Deductions. If you expect to claim deductions other than the basic standard deduction and want to reduce your withholding, use the Deductions Worksheet on page 3 and enter the result here	4(b)	\$
	(c) Extra withholding. Enter any additional tax you want withheld from each payment	4(c)	\$

Future developments. For the latest information about any future developments related to Form W-4P, such as legislation enacted after it was published, go to www.irs.gov/FormW4P.

Purpose of form. Complete Form W-4P to have payers withhold the correct amount of federal income tax from your periodic pension, annuity (including commercial annuities), profit-sharing and stock bonus plan, or IRA payments. Federal income tax withholding applies to the taxable part of these payments. Periodic payments are made in installments at regular intervals (for example, annually, quarterly, or monthly) over a period of more than 1 year. Don't use Form W-4P for a nonperiodic payment (note that distributions from an IRA that are payable on demand are treated as nonperiodic payments) or an eligible rollover distribution (including a lump-sum pension payment). Instead, use Form W-4R, Withholding Certificate for Nonperiodic Payments and Eligible Rollover Distributions, for these payments/distributions. For more information on withholding, see Pub. 505, Tax Withholding and Estimated Tax.

Choosing not to have income tax withheld. You can choose not to have federal income tax withheld from your payments by writing "No Withholding" on Form W-4P in the space below Step 4(c). Then, complete Steps 1a, 1b, and 5. Generally, if you are a U.S. citizen or a resident alien, you are not permitted to elect not to have federal income tax withheld on payments to be delivered outside the United States and its territories.

Caution: If you have too little tax withheld, you will generally owe tax when you file your tax return and may owe a penalty unless you make timely payments of estimated tax. If too much tax is withheld, you will generally be due a refund when you file your tax return. If your tax situation changes, or you chose not to have federal income tax withheld and you now want withholding, you should submit a new Form W-4P.

When to use the estimator. Consider using the estimator at www.irs.gov/W4App if you:

1. Have social security, dividend, capital gain, or business income, or are subject to the Additional Medicare Tax or Net Investment Income Tax; or
2. Receive these payments or pension and annuity payments for only part of the year.

Self-employment. Generally, you will owe both income and self-employment taxes on any self-employment income you (or you and your spouse) receive. If you do not have a job and want to pay these taxes through withholding from your payments, use the estimator at www.irs.gov/W4App to figure the amount to have withheld.

Payments to nonresident aliens and foreign estates. Do not use Form W-4P. See Pub. 515, Withholding of Tax on Nonresident Aliens and Foreign Entities, and Pub. 519, U.S. Tax Guide for Aliens, for more information.

Tax relief for victims of terrorist attacks. If your disability payments for injuries incurred as a direct result of a terrorist attack are not taxable, write "No Withholding" in the space below Step 4(c). See Pub. 3920, Tax Relief for Victims of Terrorist Attacks, for more details.

Specific Instructions

Step 1(c). Check your anticipated filing status. This will determine the standard deduction and tax rates used to compute your withholding.

Step 2. Use this step if you have at least one of the following: income from a job, income from more than one pension/annuity, and/or a spouse (if married filing jointly) that receives income from a job/pension/annuity. The following examples will assist you in completing Step 2(b).

Example 1. Bob, a single filer, is completing Form W-4P for a pension that pays \$50,000 a year. Bob also has a job that pays \$25,000 a year. Bob has no other pensions or annuities. Bob will enter \$25,000 in Step 2(b)(i) and in Step 2(b)(iii).

If Bob also has \$1,000 of interest income, which he entered on Form W-4, Step 4(a), then he will instead enter \$26,000 in Step 2(b)(i) and in Step 2(b)(iii). He will make no entries in Step 4(a) on this Form W-4P.

Example 2. Carol, a single filer, is completing Form W-4P for a pension that pays \$50,000 a year. Carol does not have a job, but she also receives another pension for \$25,000 a year (which pays less annually than the \$50,000 pension). Carol will enter \$25,000 in Step 2(b)(ii) and in Step 2(b)(iii).

If Carol also has \$1,000 of interest income, then she will enter \$1,000 in Step 4(a) of this Form W-4P.

Example 3. Don, a single filer, is completing Form W-4P for a pension that pays \$50,000 a year. Don does not have a job, but he receives another pension for \$75,000 a year (which pays more annually than the \$50,000 pension). Don will not enter any amounts in Step 2.

If Don also has \$1,000 of interest income, he won't enter that amount on this Form W-4P because he entered the \$1,000 on the Form W-4P for the higher paying \$75,000 pension.

Example 4. Ann, a single filer, is completing Form W-4P for a pension that pays \$50,000 a year. Ann also has a job that pays \$25,000 a year and another pension that pays \$20,000 a year. Ann will enter \$25,000 in Step 2(b)(i), \$20,000 in Step 2(b)(ii), and \$45,000 in Step 2(b)(iii).

If Ann also has \$1,000 of interest income, which she entered on Form W-4, Step 4(a), she will instead enter \$26,000 in Step 2(b)(i), leave Step 2(b)(ii) unchanged, and enter \$46,000 in Step 2(b)(iii). She will make no entries in Step 4(a) of this Form W-4P.

If you are married filing jointly, the entries described above do not change if your spouse is the one who has the job or the other pension/annuity instead of you.

Multiple sources of pensions/annuities or jobs. If you (or if married filing jointly, you and/or your spouse) have a job(s), do NOT complete Steps 3 through 4(b) on Form W-4P. Instead, complete Steps 3 through 4(b) on the Form W-4 for the job. If you (or if married filing jointly, you and your spouse) do not have a job, complete Steps 3 through 4(b) on Form W-4P for **only** the pension/annuity that pays the most annually. Leave those steps blank for the other pensions/annuities.

Step 3. This step provides instructions for determining the amount of the child tax credit and the credit for other dependents that you may be able to claim when you file your tax return. To qualify for the child tax credit, the child must be under age 17 as of December 31, must be your dependent who generally lives with you for more than half the year, and must have the required social security number. You may be able to claim a credit for other dependents for whom a child tax credit can't be claimed, such as an older child or a qualifying relative. For additional eligibility requirements for these credits, see Pub. 501, Dependents, Standard Deduction, and Filing Information. You can also include **other tax credits** for which you are eligible in this step, such as the foreign tax credit and the education tax credits. Including these credits will increase your payments and reduce the amount of any refund you may receive when you file your tax return.

Step 4 (optional).

Step 4(a). Enter in this step the total of your other estimated income for the year, if any. You shouldn't include amounts from any job(s) or pension/annuity payments. If you complete Step 4(a), you likely won't have to make estimated tax payments for that income. If you prefer to pay estimated tax rather than

Specific Instructions *(continued)*

having tax on other income withheld from your pension, see Form 1040-ES, Estimated Tax for Individuals.

Step 4(b). Enter in this step the amount from the Deductions Worksheet, line 6, if you expect to claim deductions other than the basic standard deduction on your 2024 tax return and want to reduce your withholding to account for these deductions.

This includes itemized deductions, the additional standard deduction for those 65 and over, and other deductions such as for student loan interest and IRAs.

Step 4(c). Enter in this step any additional tax you want withheld from **each payment**. Entering an amount here will reduce your payments and will either increase your refund or reduce any amount of tax that you owe.

Note: If you don't give Form W-4P to your payer, you don't provide an SSN, or the IRS notifies the payer that you gave an incorrect SSN, then the payer will withhold tax from your payments as if your filing status is single with no adjustments in Steps 2 through 4. For payments that began before 2024, your current withholding election (or your default rate) remains in effect unless you submit a new Form W-4P.

Step 4(b)—Deductions Worksheet *(Keep for your records.)*

1

Enter an estimate of your 2024 itemized deductions (from Schedule A (Form 1040)). Such deductions may include qualifying home mortgage interest, charitable contributions, state and local taxes (up to \$10,000), and medical expenses in excess of 7.5% of your income

1

\$

2

Enter: { • \$29,200 if you're married filing jointly or a qualifying surviving spouse
• \$21,900 if you're head of household
• \$14,600 if you're single or married filing separately }

2

\$

3

If line 1 is greater than line 2, subtract line 2 from line 1 and enter the result here. If line 2 is greater than line 1, enter "-0-"

3

\$

4

If line 3 equals zero, and you (or your spouse) are 65 or older, enter:
• \$1,950 if you're single or head of household.
• \$1,550 if you're married filing separately.
• \$1,550 if you're a qualifying surviving spouse or you're married filing jointly and one of you is under age 65.
• \$3,100 if you're married filing jointly and both of you are age 65 or older.
Otherwise, enter "-0-". See Pub. 505 for more information

Future Developments

For the latest information about developments related to Pub. 15-T, such as legislation enacted after it was published, go to [IRS.gov/Pub15T](https://www.irs.gov/Pub15T).

What's New

IRS Tax Withholding Estimator updated for 2024. Employees and payees may now use the IRS Tax Withholding Estimator, available at [IRS.gov/W4App](https://www.irs.gov/W4App), when completing their 2024 Form W-4, Employee's Withholding Certificate, or their 2024 Form W-4P, Withholding Certificate for Periodic Pension or Annuity Payments.

Reminders

Form W-4P and Form W-4R. Form W-4P was redesigned for 2022. Form W-4P is now used only to make withholding elections for periodic pension or annuity payments. Previously, Form W-4P was also used to make withholding elections for nonperiodic payments and eligible rollover distributions. Withholding elections for nonperiodic payments and eligible rollover distributions are now made on Form W-4R, Withholding Certificate for Nonperiodic Payments and Eligible Rollover Distributions. Although the redesigned Form W-4P and new Form W-4R were available for use in 2022, the IRS postponed the

requirement to begin using the new forms until January 1, 2023. Payers should have updated their system programming for these forms in 2022.

[Section 1](#) of this publication includes Worksheet 1B for payers to figure withholding on periodic payments of pensions and annuities based on a 2022 or later Form W-4P or a 2021 and earlier Form W-4P. Worksheet 1B is used with the STANDARD Withholding Rate Schedules in the 2024 Percentage Method Tables for Automated Payroll Systems and Withholding on Periodic Payments of Pensions and Annuities that are included in [section 1](#). If a payer is figuring withholding on periodic payments based on a 2021 or earlier Form W-4P, the payer may also figure withholding using the methods described in [section 3](#) and [section 5](#). For more information about Form W-4P, see [Form W-4P](#), later. Also, see [How To Treat 2021 and Earlier Forms W-4P as if They Were 2022 or Later Forms W-4P](#), later, for an optional computational bridge.

For more information about Form W-4R, see section 8 of Pub. 15-A, Employer's Supplemental Tax Guide.

Computational bridge for Form W-4. Employers may use an optional computational bridge to treat 2019 and earlier Forms W-4 as if they were 2020 or later Forms W-4 for purposes of figuring federal income tax withholding. See [How To Treat 2019 and Earlier Forms W-4 as if They Were 2020 or Later Forms W-4](#), later, for more information.

Electronic submission of Forms W-4 and W-4P. You may set up a system to electronically receive Form W-4 or Form W-4P from an employee or payee.

For each form that you establish an electronic submission system for, you must meet each of the following five requirements.

1. The electronic system must ensure that the information received by you is the information sent by the employee or payee. The system must document all occasions of user access that result in a submission. In addition, the design and operation of the electronic system, including access procedures, must make it reasonably certain that the person accessing the system and submitting the form is the person identified on the form.
2. The electronic system must provide exactly the same information as the paper form.
3. The electronic submission must be signed with an electronic signature by the employee or payee whose name is on the form. The electronic signature must be the final entry in the submission.
4. Upon request, you must furnish a hard copy of any completed electronic form to the IRS and a statement that, to the best of your knowledge, the electronic form was submitted by the named employee or payee. The hard copy of the electronic form must provide exactly the same information as, but need not be a facsimile of, the paper form. For Form W-4, the signature must be under penalty of perjury and must contain the same language that appears on the paper version of the form. The electronic system must inform the

employee that they must make a declaration contained in the perjury statement and that the declaration is made by signing the Form W-4.

5. You must also meet all recordkeeping requirements that apply to the paper forms.

See [Substitute Submissions of Form W-4](#), later, for additional requirements specific to Form W-4 and [Substitute Submissions of Form W-4P](#), later, for additional requirements for a 2022 or later Form W-4P.

For more information on electronic submissions, see Regulations section 31.3402(f)(5)-1(c) (for Form W-4) and Announcement 99-6 (for Form W-4P). You can find Announcement 99-6 on page 24 of Internal Revenue Bulletin 1999-4 at [IRS.gov/pub/irs-irbs/irb99-04.pdf](https://www.irs.gov/pub/irs-irbs/irb99-04.pdf).

Introduction

This publication supplements Pub. 15, Employer's Tax Guide. It describes how to figure withholding using the Wage Bracket Method or Percentage Method, describes the alternative methods for figuring withholding, and provides the Tables for Withholding on Distributions of Indian Gaming Profits to Tribal Members.

Although this publication may be used in certain situations to figure federal income tax withholding on supplemental wages, the methods of withholding described in this publication can't be used if the 37% mandatory flat rate withholding applies or if the 22% optional flat rate withholding is used to figure federal income tax withholding. For more information about withholding on supplemental wages, see section 7 of Pub. 15.

Although this publication is used to figure federal income tax withholding on periodic payments of pensions and annuities, the methods of withholding described in this publication can't be used to figure withholding on non-periodic payments or withholding on eligible rollover distributions. Periodic payments are those made in installments at regular intervals over a period of more than 1 year. They may be paid annually, quarterly, monthly, etc. For more information about withholding on pensions and annuities, see section 8 of Pub. 15-A.

Form W-4

Beginning with the 2020 Form W-4, employees are no longer able to request adjustments to their withholding using withholding allowances. Instead, using the new Form W-4, employees provide employers with amounts to increase or decrease the amount of taxes withheld and amounts to increase or decrease the amount of wage income subject to income tax withholding.

Form W-4 contains 5 steps. Every Form W-4 employers receive from an employee in 2020 or later should show a completed Step 1 (name, address, social security number (SSN), and filing status) and a dated signature in Step 5. Employees complete Steps 2, 3, and/or 4 only if relevant to their personal situations. Steps 2, 3, and 4 show adjustments that affect withholding calculations.

For employees who don't complete any steps other than Step 1 and Step 5, employers withhold the amount based on the filing status, wage amounts, and payroll period. But see [Exemption from withholding](#), later.

For employees completing one or more of Steps 2, 3, and/or 4 on Form W-4, adjustments are as follows.

Step 2. If the employee checks the box in Step 2, the employer figures withholding from the "Form W-4, Step 2, Checkbox" column in the Percentage Method or Wage Bracket Method tables. This results in higher withholding

for the employee. If the employee chooses one of the other options from this step, the higher withholding is included with any other additional tax amounts **per pay period** in Step 4(c).

Consider advising employees to use the IRS Tax Withholding Estimator, available at [IRS.gov/W4App](https://www.irs.gov/W4App), when completing Form W-4 if they expect to work only part of the year; receive dividends, capital gains, social security, bonuses, or business income; are subject to the Additional Medicare Tax or Net Investment Income Tax; or they prefer the most accurate withholding for multiple job situations.

Step 3. Employers use the amount on this line as an **annual** reduction in the amount of withholding. Employers should use the amount that the employee entered as the total in Step 3 of Form W-4 even if it is not equal to the sum of any amounts entered on the left in Step 3 because the total may take into account other tax credits. If the Step 3 total is blank, but there are amounts entered on one or two of the left lines in Step 3, the employer may ask the employee if leaving the line blank was intentional.

Steps 4(a) and 4(b). Employers increase the annual amount of wages subject to income tax withholding by the **annual** amount shown in Step 4(a) and reduce the annual amount of wages subject to income tax withholding by the **annual** amount shown in Step 4(b).

Step 4(c). Employers will increase withholding by the **per pay period** tax amount in Step 4(c).

At the beginning of each year, consider reminding employees to submit a new Form W-4 if they made a mid-year change to their Form W-4 based on their use of the IRS Tax Withholding Estimator available at [IRS.gov/W4App](https://www.irs.gov/W4App). Employees who made a mid-year change may be underwithheld or overwithheld once their Form W-4 is applied to the next full calendar year.

New employee fails to furnish Form W-4. A new employee who fails to furnish a Form W-4 will be treated as if they had checked the box for Single or Married filing separately in Step 1(c) and made no entries in Step 2, Step 3, or Step 4 of Form W-4. However, an employee who was paid wages before 2020 and who failed to furnish a Form W-4 should continue to be treated as Single and claiming zero allowances on a 2019 or earlier Form W-4.

Exemption from withholding. Employees who write "Exempt" on Form W-4 in the space below Step 4(c) shall have no federal income tax withheld from their paychecks except in the case of certain supplemental wages. Generally, an employee may claim exemption from federal income tax withholding because they had no federal income tax liability last year and expect none this year. See the Form W-4 instructions for more information.

Substitute Submissions of Form W-4

General requirements for any system set up to electronically receive a Form W-4 or Form W-4P are discussed earlier under [Electronic submission of Forms W-4 and W-4P](#). This section provides specific requirements for substitute submissions of Form W-4.

Electronic Substitute to Form W-4

Employers aren't required to set up a system to electronically receive Form W-4 from an employee. If set up, however, the electronic system must meet all the requirements and guidelines set forth in regulations and specified by the IRS in forms, publications, and other guidance. The allowance of an electronic substitute for Form W-4 isn't a license to simplify or modify the Form W-4. In particular, electronic Form W-4 systems set up as a substitute to paper Forms W-4 must exactly replicate the text and instructions from the face of the paper Form W-4 beginning with Step 1(c) through Step 4(c) (inclusive), and must allow an employee access to and use of all parts of the calculation shown on the paper Form W-4 and its worksheets.

No pop-ups or hoverboxes within those steps are permitted for displaying such required information, and if the electronic system has toggles for those steps that limit the amount of text that is viewable, the toggles must be off as the default. If the electronic system places steps on different pages, users must be required to go to each page before they may electronically sign the form. The electronic system must also include a hyperlink to Form W-4 on IRS.gov and/or include the pages 2–4 instructions and worksheets in their entirety in the electronic system interface itself (inclusion of only some of this information requires a link to the form).

Field required for claiming “Exempt.” The electronic Form W-4 system must provide a field for employees who are eligible and want to claim an exemption from withholding to certify that they are exempt (including, for example, a checkbox) immediately below or after Step 4(c) to allow users to elect no withholding from their payments. You must also include the two conditions that taxpayers are certifying that they meet: “you had no federal income tax liability in 2023 and you expect to have no federal income tax liability in 2024.”

Field required for nonresident alien status. You must provide a field for nonresident aliens to enter nonresident alien status.

Step 3 of 2024 Form W-4. To allow an employee access to and use of all parts of the calculation shown on the paper Form W-4, an electronic Form W-4 system can't restrict Step 3 to dollar increments based on the number of qualifying children or dependents the employee may claim for purposes of the child tax credit or credit for other dependents. The 2024 Instructions for Form W-4 indicate that an employee can include other tax credits for which they are eligible in Step 3 by adding an estimate of the credit amount for the year to the credits for dependents

and entering the total amount. An employee should be allowed to include an estimate of tax credits other than the child tax credit or credit for other dependents when entering an amount in an electronic Form W-4 system for Step 3.

References to page numbers. Substitutes to the paper form need not replicate references on the face of the form to “page 2” or “page 3” of the Form W-4 when those references are not applicable.

References to pages 2 and 3, when not applicable to the substitute form, should be replaced by appropriate references. For example, an electronic substitute form that links directly to the deductions worksheet should not reference “page 3” but should provide a link to the deductions worksheet.

Requiring an SSN and other personal information already stored in employer's electronic system. An employer need not require an employee to resubmit an SSN or other personal information when completing an electronic Form W-4 as long as:

- The SSN and other personal information are stored in the employer's electronic system and the action being taken by the employee in the system is directly or indirectly linked to the electronically stored personal information; and
- The source of the SSN and other personal information stored in the employer's electronic system is a prior submission of a complete Form W-4 or the U.S. Citizenship and Immigration Services (USCIS) Form I-9, Employment Eligibility Verification, that is signed by the employee under penalty of perjury.

The employer's electronic Form W-4 system must continue to ensure that the information received by the employer is the information sent by the employee and that the person accessing the system and furnishing the Form W-4 is the employee identified on the form. See [Electronic submission of Forms W-4 and W-4P](#), earlier. If an SSN or other personal information is separately used by the electronic Form W-4 system to verify the identity of the employee, the employee will need to resubmit the information for that purpose.

Implementation of new guidelines. Employers aren't required to set up a system to electronically receive Form W-4 from an employee. If set up, however, the electronic system must meet all the requirements and guidelines set forth in regulations and specified by the IRS in forms, publications, and other guidance. When a guideline concerning what an electronic Form W-4 system must provide the employee is specified without an effective date, it is effective immediately and an employer must implement it in a reasonable amount of time. In most cases, a reasonable amount of time won't extend beyond 90 days.

Paper Substitute to Form W-4

In lieu of the prescribed form, an employer may prepare and provide to employees a substitute paper form the provisions of which are identical to those of the prescribed

form, including the exact same wording from Steps 1(c)–4(c) (inclusive), but only if the employer also:

- Provides employees with all the tables, instructions, and worksheets set forth in the Form W-4 in effect at that time; and
- Complies with all revenue procedures and other guidance prescribed by the Commissioner relating to substitute forms in effect at that time.

Guidelines that apply to electronic substitutes for Form W-4 don't necessarily apply to a paper substitute Form W-4. For example, a paper substitute Form W-4 must include the form's instructions and worksheets rather than providing a web address where the payee can find them on IRS.gov.

Employers are prohibited from accepting a substitute form developed by an employee, and an employee furnishing such form must be treated as failing to furnish a Form W-4.

How To Treat 2019 and Earlier Forms W-4 as if They Were 2020 or Later Forms W-4

Employers may use an optional computational bridge to treat 2019 and earlier Forms W-4 as if they were 2020 or later Forms W-4 for purposes of figuring federal income tax withholding. This computational bridge allows you to use computational procedures and data fields for a 2020 and later Form W-4 to arrive at the equivalent withholding for an employee that would have applied using the computational procedures and data fields on a 2019 or earlier Form W-4. You must make up to four adjustments to use this computational bridge.

1. Select the filing status in Step 1(c) of a 2020 or later Form W-4 that most accurately reflects the employee's marital status on line 3 of a 2019 or earlier Form W-4. Treat the employee as "Single or Married filing separately" on a 2020 or later Form W-4 if the employee selected either "Single" or "Married, but withhold at higher single rate" as their marital status on their 2019 or earlier Form W-4. Treat the employee as "Married filing jointly" on a 2020 or later Form W-4 if the employee selected "Married" as their marital status on their 2019 or earlier Form W-4. You can't convert an employee to a filing status of "Head of household" using this computational bridge.
2. Enter an amount in Step 4(a) on a 2020 or later Form W-4 based on the filing status that you determined in (1) above when you converted the employee's marital status on a 2019 or earlier Form W-4. Enter \$8,600 if the employee's filing status is "Single or Married filing separately" or \$12,900 if the employee's filing status is "Married filing jointly."
3. Multiply the number of allowances claimed on line 5 of an employee's 2019 or earlier Form W-4 by \$4,300 and enter the result in Step 4(b) on a 2020 or later Form W-4.

4. Enter the additional amount of withholding requested by the employee on line 6 of their 2019 or earlier Form W-4 in Step 4(c) of a 2020 or later Form W-4.

This computational bridge applies only for Forms W-4 that were in effect on or before December 31, 2019, and that continue in effect because an employee didn't submit a 2020 or later Form W-4. If an employee is required, or chooses, to submit a new Form W-4, it doesn't change the requirement that the employee must use the current year's revision of Form W-4. Upon putting into effect a new Form W-4 from an employee, you must stop using this computational bridge for the applicable year of the new Form W-4. An employer using the computational bridge for a Form W-4 furnished by an employee must retain the Form W-4 for its records.

Lock-in letters. The IRS may have notified you in writing that the employee must use a specific marital status and is limited to a specific number of allowances in a letter (commonly referred to as a "lock-in letter") applicable before 2020. For more information about lock-in letters, see section 9 of Pub. 15. For lock-in letters based on 2019 or earlier Forms W-4, you may use this optional computational bridge to comply with the requirement to withhold based on the maximum withholding allowances and filing status permitted in the lock-in letter.

Nonresident alien employees. You may use this computational bridge to convert a nonresident alien employee's 2019 or earlier Form W-4 to a 2020 or later Form W-4. However, for the second adjustment of the computational bridge, always enter \$4,300 in Step 4(a) on a 2020 or later Form W-4. If you convert a nonresident alien employee's 2019 or earlier Form W-4 to a 2020 or later Form W-4, be sure to use Table 2 when adding an amount to their wages for figuring federal income tax withholding. See [Withholding Adjustment for Nonresident Alien Employees](#), later, for more information.

For more information, see Treasury Decision 9924, 2020-44 I.R.B. 943, available at [IRS.gov/irb/2020-44_IRB#TD-9924](https://www.irs.gov/irb/2020-44_IRB#TD-9924).

Withholding Adjustment for Nonresident Alien Employees

You should instruct nonresident aliens to see Notice 1392, Supplemental Form W-4 Instructions for Nonresident Aliens, before completing Form W-4.

Apply the procedure discussed next to figure the amount of federal income tax to withhold from the wages of nonresident alien employees performing services within the United States.

This procedure only applies to nonresident alien employees who have wages subject to income tax withholding.

Nonresident alien students from India and business apprentices from India aren't subject to this procedure.

Instructions. To figure how much federal income tax to withhold from the wages paid to a nonresident alien employee performing services in the United States, use the following steps.

Step 1. Determine if the nonresident alien employee has submitted a Form W-4 for 2020 or later or an earlier Form W-4. Then add to the wages paid to the nonresident alien employee for the payroll period the amount for the applicable type of Form W-4 and payroll period.

If the nonresident alien employee was first paid wages before 2020 and **has not** submitted a Form W-4 for 2020 or later, add the amount shown in Table 1 to their wages for calculating federal income tax withholding.

Table 1	
Payroll Period	Add Additional
Weekly	\$198.10
Biweekly	396.20
Semimonthly	429.20
Monthly	858.30
Quarterly	2,575.00
Semiannually	5,150.00
Annually	10,300.00
Daily or Miscellaneous (each day of the payroll period)	39.60

If the nonresident alien employee has submitted a Form W-4 for **2020 or later** or was first paid wages in 2020 or later, add the amount shown in Table 2 to their wages for calculating federal income tax withholding.

Table 2	
Payroll Period	Add Additional
Weekly	\$280.80
Biweekly	561.50
Semimonthly	608.30
Monthly	1,216.70
Quarterly	3,650.00
Semiannually	7,300.00
Annually	14,600.00
Daily or Miscellaneous (each day of the payroll period)	56.20

Step 2. Enter the amount figured in *Step 1*, earlier, as the total taxable wages on line 1a of the withholding worksheet that you use to figure federal income tax withholding.

The amounts from Tables 1 and 2 are added to wages solely for calculating income tax withholding on the wages of the nonresident alien employee. The amounts from the tables shouldn't be included in any box on the employee's Form W-2 and don't increase the income tax liability of the employee. Also, the amounts from the tables don't increase the social security tax or Medicare tax liability of the employer or the employee, or the FUTA tax liability of the employer.

Example. An employer pays wages of \$300 for a weekly payroll period to a married nonresident alien employee. The nonresident alien has a properly completed 2019 Form W-4 on file with the employer that shows marital status as "Single" with one withholding allowance and indicated status as a nonresident alien on Form W-4, line 6 (see *Nonresident alien employee's Form W-4* in section 9 of Pub. 15 for details on how a 2024 Form W-4 must be completed). The employer determines the wages to be used in the withholding tables by adding to the \$300 amount of wages paid the amount of \$198.10 from Table 1 under *Step 1* (\$498.10 total). The employer has a manual payroll system and prefers to use the Wage Bracket Method tables to figure withholding. The employer will use Worksheet 3 and the withholding tables in [section 3](#) to determine the income tax withholding for the nonresident alien employee. In this example, the employer would withhold \$31 in federal income tax from the weekly wages of the nonresident alien employee.

The \$198.10 added to wages for calculating income tax withholding isn't reported on Form W-2 and doesn't increase the income tax liability of the employee. Also, the \$198.10 added to wages doesn't affect the social security tax or Medicare tax liability of the employer or the employee, or the FUTA tax liability of the employer.

Supplemental wage payment. This procedure for determining the amount of federal income tax withholding for nonresident alien employees doesn't apply to a supplemental wage payment (see section 7 of Pub. 15) if the 37% mandatory flat rate withholding applies or if the 22% optional flat rate withholding is being used to figure income tax withholding on the supplemental wage payment.

Form W-4P

Payees use Form W-4P to have payers withhold the correct amount of federal income tax from periodic pension, annuity (including commercial annuities), profit-sharing and stock bonus plan, or IRA payments.

Using a 2022 or later Form W-4P. Payees provide payers with amounts to increase or decrease the amount of taxes withheld and amounts to increase or decrease the amount of pension/annuity payments subject to income tax withholding. Form W-4P contains 5 steps. Every Form W-4P payers receive from a payee in 2022 or later should show a completed Step 1 (name, address, SSN, and filing status) and a dated signature in Step 5. Payees complete Steps 2, 3, and/or 4 only if relevant to their personal situations. Steps 2, 3, and 4 show adjustments that affect withholding calculations.

For payees completing one or more of Steps 2, 3, and/or 4 on a 2022 or later Form W-4P, adjustments are as follows.

Step 2. If the payee completes Step 2, the payer will use the amount in Step 2(b)(iii) from a 2022 or later Form W-4P in Worksheet 1B to figure income tax withholding.

Consider advising payees to use the IRS Tax Withholding Estimator, available at [IRS.gov/W4App](https://www.irs.gov/W4App), when completing Form W-4P if they have social security, dividend, capital gain, or business income; are subject to the Additional Medicare Tax or Net Investment Income Tax; or they receive these payments or pension and annuity payments for only part of the year.

Step 3. Payers use the amount on this line as an annual reduction in the amount of withholding. Payers should use the amount the payee entered as the total in Step 3 of Form W-4P even if it is not equal to the sum of any amounts entered on the left in Step 3 because the total may take into account other tax credits. If the Step 3 total is blank, but there are amounts entered on one or two of the left lines in Step 3, the payer may ask the payee if leaving the line blank was intentional.

Steps 4(a) and 4(b). Payers increase the annual amount of pension/annuity payments subject to income tax withholding by the **annual** amount shown in Step 4(a) and reduce the annual amount of pension/annuity payments subject to income tax withholding by the **annual** amount shown in Step 4(b).

Step 4(c). Payers will increase withholding on **each payment** by the tax amount in Step 4(c).

Payee fails to furnish Form W-4P or provides an incorrect SSN on Form W-4P. In the case of a payer using a 2022 or later Form W-4P, a payee who received the first periodic pension or annuity payment after 2021 but who fails to furnish a 2022 or later Form W-4P or fails to provide a correct SSN on a 2022 or later Form W-4P will be treated as if they had checked the box for Single in Step 1 and had no entries in Step 2, Step 3, and Step 4 of a 2022 or later Form W-4P. In the case of a payer that used the 2021 Form W-4P for 2022 and hasn't received a 2022 or later Form W-4P, a payee who received the first periodic pension or annuity payment in 2022 but who failed to furnish such a 2021 Form W-4P will continue be treated as if they had no entries on lines 1 and 3 and completed line 2 indicating a status of Married, and claiming 3 allowances. In the case of a payer that used the 2021 Form W-4P and hasn't received a 2022 or later Form W-4P, a payee who received the first periodic pension or annuity payment in 2022 but who failed to provide a correct SSN on the 2021 Form W-4P will continue to be treated as if they had no entries on lines 1 and 3 and had completed line 2 indicating a status of Single, and claiming zero allowances. If a payee received their first periodic pension or annuity payment before 2022 and had failed to furnish a Form W-4P when those payments began, you must continue to withhold on those periodic payments as if the recipient were married claiming three withholding allowances on a Form W-4P for 2021 or earlier, unless the payee furnishes a Form W-4P requesting a change in withholding. If a payee is treated as married claiming three withholding allowances on a 2021 or earlier Form W-4P, tax will be withheld on a payment that is at least \$2,440 per month.

Choosing not to have income tax withheld. A payee who writes "No Withholding" on a 2022 or later Form W-4P in the space below Step 4(c) shall have no federal income tax withheld from their periodic pension or annuity payments. In the case of a payer that used the 2021 Form W-4P for 2022, a payee who checked the box on line 1 on the 2021 Form W-4P shall have no federal income tax withheld from their periodic pension or annuity payments. Regardless of the Form W-4P used, generally a payee who is a U.S. citizen or a resident alien isn't permitted to elect no withholding on payments that are to be delivered outside of the United States or its territories.

Withholding on periodic pension and annuity payments to nonresident aliens and foreign estates. Withholding methods on periodic pension and annuity payments discussed in this publication don't apply to nonresident aliens and foreign estates. See Pub. 515, Withholding of Tax on Nonresident Aliens and Foreign Entities, for more information.

Substitute Submissions of Form W-4P

General requirements for any system set up to electronically receive a Form W-4 or Form W-4P are discussed earlier under [Electronic submission of Forms W-4 and W-4P](#). This section provides specific requirements for substitute submissions of Form W-4P. For payers using electronic or paper substitutes for Form W-4P, substitute forms for the 2024 Form W-4P incorporating all changes made to the 2024 Form W-4P and complying with the guidelines provided here must be in use by the later of January 1, 2024, or 30 days after the IRS releases the final version of the 2024 Form W-4P.

Electronic Substitute to Form W-4P

Electronic systems set up as a substitute to paper 2022 or later Forms W-4P must exactly replicate the text and instructions from the face of the paper Form W-4P beginning with Step 1(c) through Step 4(c) (inclusive). No pop-ups or hoverboxes within those steps are permitted and if the electronic system has toggles for those steps that limit the amount of text that is viewable, the toggles must be off as the default. If the electronic system places steps on different pages, users must be required to go to each page before they may electronically sign the form. References to pages 2 and 3, when not applicable to the substitute form, should be replaced by appropriate references. For example, an electronic substitute form that links directly to the deductions worksheet shouldn't reference "page 3" but should provide a link to the deductions worksheet. The electronic system must also include a hyperlink to Form W-4P on IRS.gov or include the instructions and worksheet in their entirety in the electronic system interface itself (inclusion of only some of this information requires a link to the form). Finally, the electronic system must provide a field (including, for example, a checkbox) immediately below or after Step 4(c) to allow users to elect no withholding from their payments.

Requiring an SSN and other personal information already stored in payer's electronic system. If you electronically store payee personal information, including name, address, and SSN, and accept withholding elections through an account specifically tied to the payee, you need not require the payee to submit this personal information again when completing an electronic substitute, as long as the account where the election is being made is directly or indirectly linked to the electronically stored personal information.

Telephonic submissions of Form W-4P. Payers may provide for telephonic submissions of Form W-4P. You must use a script that includes all portions of the first page of the paper Form W-4P from Steps 1(c)–4(c), including the step titles and text between Steps 1 and 2, with the following exceptions.

- On Step 2, the script can stop right before “See page 2 for examples on how to complete Step 2” if, when asked, the payee indicates the step doesn’t apply.
- On Step 3, the script can stop right before “If your total income will be \$200,000 or less . . .” if, when asked, the payee indicates the step doesn’t apply.
- Where the language on the first page of Form W-4P refers payees to later pages of the form, such as for more information on how to elect to have no federal income tax withheld, the telephonic script should refer the payee to [IRS.gov/FormW4P](https://www.irs.gov/FormW4P) in addition to the referenced page numbers.

Paper Substitute to Form W-4P

When providing paper substitute forms for Form W-4P, you should generally follow the same guidelines that apply to electronic substitutes to Form W-4P, except where those guidelines apply only in the context of electronic substitutes (for example, instructions concerning pop-ups and hoverboxes). Paper substitute forms must include the instructions and worksheets for Form W-4P rather than providing a web address to the instructions on IRS.gov.

How To Treat 2021 and Earlier Forms W-4P as if They Were 2022 or Later Forms W-4P

Payers may use an optional computational bridge to treat 2021 and earlier Forms W-4P as if they were 2022 or later Forms W-4P for purposes of figuring federal income tax withholding. This computational bridge can reduce system complexity by allowing payers to permanently use computational procedures and data fields for a 2022 and later Form W-4P to arrive at the equivalent withholding for a payee that would have applied using the computational procedures and data fields on a 2021 or earlier Form W-4P. You must make up to four adjustments to use this computational bridge, but it will simplify data storage and eliminate some steps in Worksheet 1B.

1. Select the filing status in Step 1(c) of a 2022 or later Form W-4P that most accurately reflects the payee's marital status on line 2 of a 2021 or earlier Form W-4P. Treat the payee as “Single or Married filing separately” on a 2022 or later Form W-4P if the payee selected either “Single” or “Married, but withhold at higher single rate” as their marital status on their 2021 or earlier Form W-4P. Treat the payee as “Married filing jointly” on a 2022 or later Form W-4P if the payee selected “Married” as their marital status on their 2021 or earlier Form W-4P. You can't convert a payee to a filing status of “Head of household” using this computational bridge.
2. Enter an amount in Step 4(a) on a 2022 or later Form W-4P based on the filing status that you determined in (1) above when you converted the payee's marital status on a 2021 or earlier Form W-4P. Enter \$8,600 if the payee's filing status is “Single or Married filing separately” or \$12,900 if the payee's filing status is “Married filing jointly.”
3. Multiply the number of allowances claimed on line 2 of a payee's 2021 or earlier Form W-4P by \$4,300 and enter the result in Step 4(b) on a 2022 or later Form W-4P.
4. Enter the additional amount of withholding requested by the payee on line 3 of their 2021 or earlier Form W-4P in Step 4(c) of a 2022 or later Form W-4P.

If you use this computational bridge, you will skip Steps 1(j)–(l) and any other instructions in Worksheet 1B that reference a 2021 or earlier Form W-4P.

This computational bridge applies only to Forms W-4P (including default elections) that were in effect on or before December 31, 2021, and that continue in effect because a payee didn't submit a 2022 or later Form W-4P. If a payee chooses to submit a new Form W-4P, it doesn't change the general requirement that the payee must use the current year's revision of Form W-4P. Upon putting in effect a new Form W-4P from a payee, you must stop using this computational bridge for the applicable year of the new Form W-4P. If a payer was unable to put the 2022 Form W-4P in place during 2022, the computational bridge can also be applied to 2021 Forms W-4P submitted in 2022.

Rounding

To figure the income tax to withhold, you may reduce the last digit of the wages to zero, or figure the wages to the nearest dollar. You may also round the tax for the pay period to the nearest dollar. If rounding is used, it must be used consistently. Withheld tax amounts should be rounded to the nearest whole dollar by dropping amounts under 50 cents and increasing amounts from 50 to 99 cents to the next dollar. For example, \$2.30 becomes \$2 and \$2.50 becomes \$3.

1. Percentage Method Tables for Automated Payroll Systems and Withholding on Periodic Payments of Pensions and Annuities

If you're an employer with an automated payroll system, use Worksheet 1A and the Percentage Method tables in this section to figure federal income tax withholding. This

method works for Forms W-4 for all prior, current, and future years. This method also works for any amount of wages. If the Form W-4 is from 2019 or earlier, this method works for any number of withholding allowances claimed.

If you're a payer making periodic payments of pensions and annuities, use Worksheet 1B and the Percentage Method tables in this section to figure federal income tax withholding. This method works for Forms W-4P for all prior, current, and future years. If a payer is figuring withholding on periodic payments based on a 2021 or earlier Form W-4P, the payer may also figure withholding using the methods described in [section 3](#) and [section 5](#).

Worksheet 1A. Employer's Withholding Worksheet for Percentage Method Tables for Automated Payroll Systems

Keep for Your Records

Table 3	Semiannually	Quarterly	Monthly	Semimonthly	Biweekly	Weekly	Daily
	2	4	12	24	26	52	260

Step 1. Adjust the employee's payment amount

- 1a Enter the employee's total taxable wages this payroll period 1a \$ _____
- 1b Enter the number of pay periods you have per year (see Table 3) 1b _____
- 1c Multiply the amount on line 1a by the number on line 1b 1c \$ _____

If the employee **HAS** submitted a Form W-4 for 2020 or later, figure the Adjusted Annual Wage Amount as follows:

- 1d Enter the amount from Step 4(a) of the employee's Form W-4 1d \$ _____
- 1e Add lines 1c and 1d 1e \$ _____
- 1f Enter the amount from Step 4(b) of the employee's Form W-4 1f \$ _____
- 1g If the box in Step 2 of Form W-4 is checked, enter -0-. If the box is not checked, enter \$12,900 if the taxpayer is married filing jointly or \$8,600 otherwise 1g \$ _____
- 1h Add lines 1f and 1g 1h \$ _____
- 1i Subtract line 1h from line 1e. If zero or less, enter -0-. This is the **Adjusted Annual Wage Amount** 1i \$ _____

If the employee **HAS NOT** submitted a Form W-4 for 2020 or later, figure the Adjusted Annual Wage Amount as follows:

- 1j Enter the number of allowances claimed on the employee's most recent Form W-4 1j _____
- 1k Multiply line 1j by \$4,300 1k \$ _____
- 1l Subtract line 1k from line 1c. If zero or less, enter -0-. This is the **Adjusted Annual Wage Amount** 1l \$ _____

Step 2. Figure the Tentative Withholding Amount

based on the employee's Adjusted Annual Wage Amount; filing status (Step 1(c) of the 2020 or later Form W-4) or marital status (line 3 of Form W-4 from 2019 or earlier); and whether the box in Step 2 of 2020 or later Form W-4 is checked.

Note. Don't use the Head of Household table if the Form W-4 is from 2019 or earlier.

- 2a Enter the employee's **Adjusted Annual Wage Amount** from line 1i or 1l above 2a \$ _____
- 2b Find the row in the appropriate **Annual** Percentage Method table in which the amount on line 2a is at least the amount in column A but less than the amount in column B, then enter here the amount from column A of that row 2b \$ _____
- 2c Enter the amount from column C of that row 2c \$ _____
- 2d Enter the percentage from column D of that row 2d _____ %
- 2e Subtract line 2b from line 2a 2e \$ _____
- 2f Multiply the amount on line 2e by the percentage on line 2d 2f \$ _____
- 2g Add lines 2c and 2f 2g \$ _____
- 2h Divide the amount on line 2g by the number of pay periods on line 1b. This is the **Tentative Withholding Amount** 2h \$ _____

Step 3. Account for tax credits

- 3a If the employee's Form W-4 is from 2020 or later, enter the amount from Step 3 of that form; otherwise, enter -0- 3a \$ _____
- 3b Divide the amount on line 3a by the number of pay periods on line 1b 3b \$ _____
- 3c Subtract line 3b from line 2h. If zero or less, enter -0- 3c \$ _____

Step 4. Figure the final amount to withhold

- 4a Enter the additional amount to withhold from the employee's Form W-4 (Step 4(c) of the 2020 or later form, or line 6 on earlier forms) 4a \$ _____
- 4b Add lines 3c and 4a. **This is the amount to withhold from the employee's wages this pay period** 4b \$ _____

Worksheet 1B. Payer's Worksheet for Figuring Withholding From Periodic Pension or Annuity Payments

Keep for Your Records

Table 4

Monthly	Semimonthly	Biweekly	Weekly	Daily
12	24	26	52	260

Step 1. Adjust the payee's payment amount

- 1a Enter the payee's total payment this period 1a \$ _____
- 1b Enter the number of payment periods you have per year (see Table 4) 1b _____
- 1c Multiply line 1a by the number on line 1b 1c \$ _____

If the payee **HAS** submitted a Form W-4P for 2022 or later, figure the Adjusted Annual Payment Amount as follows:

- 1d Enter the amount from Step 4(a) of the payee's Form W-4P 1d \$ _____
- 1e Add lines 1c and 1d 1e \$ _____
- 1f Enter the amount from Step 4(b) of the payee's Form W-4P 1f \$ _____
- 1g Enter \$12,900 if the taxpayer is married filing jointly or \$8,600 otherwise 1g \$ _____
- 1h Add lines 1f and 1g 1h \$ _____
- 1i Subtract line 1h from line 1e. If less than zero, enter it in parentheses. This is the **Adjusted Annual Payment Amount** 1i \$ _____

If the payee **HAS NOT** submitted a Form W-4P for 2022 or later, figure the Adjusted Annual Payment Amount as follows:

- 1j Enter the number of allowances claimed on the payee's most recent Form W-4P 1j _____
- 1k Multiply line 1j by \$4,300 1k \$ _____
- 1l Subtract line 1k from line 1c. (If zero or less, enter -0-.) This is the **Adjusted Annual Payment Amount** 1l \$ _____

Step 2. Figure the Tentative Annual Withholding Amount

based on the payee's Adjusted Annual Payment Amount and filing status (Step 1(c) of the 2022 or later Form W-4P) or marital status (line 2 of the 2021 or earlier Form W-4P).

If the payee **HAS** submitted a Form W-4P for 2022 or later **AND** Step 2(b)(iii) of Form W-4P contains a **non-zero** amount, complete Parts I, II, and III of Step 2. Otherwise, complete Parts I and III only.

Part I: If the payee **HAS** submitted a Form W-4P for 2022 or later **AND** Step 2(b)(iii) of Form W-4P contains a **non-zero** amount, complete lines 2a-2c and then resume on line 2e. Otherwise, begin on line 2d.

- 2a Enter the amount from Step 2(b)(iii) of Form W-4P 2a \$ _____
- 2b Enter \$12,900 if the taxpayer is married filing jointly or \$8,600 otherwise 2b \$ _____
- 2c Subtract line 2b from line 2a. (If the result is zero or less, enter -0-.) Then skip to line 2e 2c \$ _____
- OR
- 2d If lines 2a-2c don't apply: Enter the payee's **Adjusted Annual Payment Amount** from line 1i or 1l, **but not less than zero** 2d \$ _____
- 2e Using the amount on line 2c or line 2d (whichever is not missing), find the row in the STANDARD Withholding Rate Schedules of the **Annual** Percentage Method table in which the amount on line 2c or line 2d (whichever is not missing) is at least the amount in column A but less than the amount in column B, and then enter here the amount from column A of that row 2e \$ _____
- 2f Enter the amount from column C of that row 2f \$ _____
- 2g Enter the percentage from column D of that row 2g _____ %
- 2h Subtract line 2e from line 2c or line 2d (whichever is not missing) 2h \$ _____
- 2i Multiply the amount on line 2h by the percentage on line 2g 2i \$ _____
- 2j Add lines 2f and 2i 2j \$ _____

Part II: (Complete Part II if there is an amount on line 2a above. Skip Part II if there is an amount on line 2d above.)

- 2k Enter the amount from Step 2(b)(iii) of the payee's Form W-4P, even if negative 2k \$ _____
- 2l Enter the payee's **Adjusted Annual Payment Amount** from line 1i above, even if negative 2l \$ _____
- 2m Add lines 2k and 2l. If the result is zero or less, enter -0- 2m \$ _____
- 2n Find the row in the appropriate STANDARD Withholding Rate Schedules of the **Annual** Percentage Method table in which the amount on line 2m is at least the amount in column A but less than the amount in column B, and then enter here the amount from column A of that row 2n \$ _____
- 2o Enter the amount from column C of that row 2o \$ _____
- 2p Enter the percentage from column D of that row 2p _____ %
- 2q Subtract line 2n from line 2m 2q \$ _____
- 2r Multiply the amount on line 2q by the percentage on line 2p 2r \$ _____
- 2s Add lines 2o and 2r 2s \$ _____
- 2t Subtract line 2j from line 2s. If zero or less, enter -0- 2t \$ _____

Part III: For ALL payees, identify the Tentative Annual Withholding Amount as follows:

- 2u If there is a non-zero amount in Step 2(b)(iii) of the payee's 2022 or later Form W-4P, enter the amount from line 2t. Otherwise, enter the amount from line 2j 2u \$ _____

Step 3. Account for tax credits

- 3a If the payee has submitted a Form W-4P for 2022 or later, enter the amount from Step 3 of that form; otherwise, enter -0- 3a \$ _____
- 3b Subtract line 3a from line 2u. If zero or less, enter -0- 3b \$ _____

Step 4. Figure the final amount to withhold

- 4a Divide the amount on line 3b by the number of payment periods from line 1b 4a \$ _____
- 4b Enter the additional amount to withhold from the payee's Form W-4P (Step 4(c) of the 2022 or later Form W-4P or line 3 of the 2021 or earlier Form W-4P) 4b \$ _____
- 4c Add lines 4a and 4b. **This is the amount to withhold from the payee's payment this payment period** 4c \$ _____

2. Wage Bracket Method Tables for Manual Payroll Systems With Forms W-4 From 2020 or Later

If you compute payroll manually, your employee has submitted a Form W-4 for 2020 or later, and you prefer to use

the Wage Bracket Method, use the worksheet below and the Wage Bracket Method tables that follow to figure federal income tax withholding.

These Wage Bracket Method tables cover a limited amount of annual wages (generally, less than \$100,000). If you can't use the Wage Bracket Method tables because taxable wages exceed the amount from the last bracket of the table (based on filing status and pay period), use the Percentage Method tables in [section 4](#).

Worksheet 2. Employer's Withholding Worksheet for Wage Bracket Method Tables for Manual Payroll Systems With Forms W-4 From 2020 or Later

Keep for Your Records

Table 5	Monthly	Semimonthly	Biweekly	Weekly	Daily
	12	24	26	52	260

Step 1. Adjust the employee's wage amount

1a	Enter the employee's total taxable wages this payroll period	1a	\$
1b	Enter the number of pay periods you have per year (see Table 5)	1b	
1c	Enter the amount from Step 4(a) of the employee's Form W-4	1c	\$
1d	Divide the amount on line 1c by the number of pay periods on line 1b	1d	\$
1e	Add lines 1a and 1d	1e	\$
1f	Enter the amount from Step 4(b) of the employee's Form W-4	1f	\$
1g	Divide the amount on line 1f by the number of pay periods on line 1b	1g	\$
1h	Subtract line 1g from line 1e. If zero or less, enter -0-. This is the Adjusted Wage Amount	1h	\$

Step 2. Figure the Tentative Withholding Amount

2a	Use the amount on line 1h to look up the tentative amount to withhold in the appropriate Wage Bracket Method table in this section for your pay frequency, given the employee's filing status and whether the employee has checked the box in Step 2 of Form W-4. This is the Tentative Withholding Amount	2a	\$
----	---	----	----

Step 3. Account for tax credits

3a	Enter the amount from Step 3 of the employee's Form W-4	3a	\$
3b	Divide the amount on line 3a by the number of pay periods on line 1b	3b	\$
3c	Subtract line 3b from line 2a. If zero or less, enter -0-	3c	\$

Step 4. Figure the final amount to withhold

4a	Enter the additional amount to withhold from Step 4(c) of the employee's Form W-4	4a	\$
4b	Add lines 3c and 4a. This is the amount to withhold from the employee's wages this pay period	4b	\$

3. Wage Bracket Method Tables for Manual Payroll Systems With Forms W-4 From 2019 or Earlier

If you compute payroll manually and your employee **has not** submitted a Form W-4 for 2020 or later, use the worksheet below and the Wage Bracket Method tables that follow to figure federal income tax withholding.

These Wage Bracket Method tables cover a limited amount of annual wages (generally, less than \$100,000) and up to 10 allowances. If you can't use the Wage Bracket Method tables because taxable wages exceed

the amount from the last bracket of the table (based on marital status and pay period) or the employee claimed more than 10 allowances, use the Percentage Method tables in [section 5](#).

Periodic payments of pensions or annuities with a 2021 or earlier Form W-4P. In lieu of Worksheet 1B and the Percentage Method tables in [section 1](#), you may use Worksheet 3 and the Wage Bracket Method tables in this section to figure federal income tax withholding on periodic payments of pensions or annuities with a 2021 or earlier Form W-4P. As an alternative, if you prefer to use the Percentage Method of withholding, you may use Worksheet 5 and the Percentage Method tables in [section 5](#) to figure federal income tax withholding on periodic payments of pensions or annuities with a 2021 or earlier Form W-4P.

Worksheet 3. Employer's Withholding Worksheet for Wage Bracket Method Tables for Manual Payroll Systems With Forms W-4 From 2019 or Earlier

Keep for Your Records 

Step 1.	Figure the Tentative Withholding Amount	
1a	Enter the employee's total taxable wages this payroll period	1a \$ _____
1b	Use the amount on line 1a to look up the tentative amount to withhold in the appropriate Wage Bracket Method table in this section for your pay frequency, given the employee's marital status (line 3 of Form W-4) and number of allowances claimed. This is the Tentative Withholding Amount	1b \$ _____
Step 2.	Figure the final amount to withhold	
2a	Enter the additional amount to withhold from line 6 of the employee's Form W-4	2a \$ _____
2b	Add lines 1b and 2a. This is the amount to withhold from the employee's wages this pay period	2b \$ <u> </u>

4. Percentage Method Tables for Manual Payroll Systems With Forms W-4 From 2020 or Later

the Percentage Method or you can't use the Wage Bracket Method tables because the employee's annual wages exceed the amount from the last bracket of the table (based on marital status and pay period), use the worksheet below and the Percentage Method tables that follow to figure federal income tax withholding. This method works for any amount of wages.

If you compute payroll manually, your employee has submitted a Form W-4 for 2020 or later, and you prefer to use

Worksheet 4. Employer's Withholding Worksheet for Percentage Method Tables for Manual Payroll Systems With Forms W-4 From 2020 or Later

Keep for Your Records

Table 6	Monthly	Semimonthly	Biweekly	Weekly	Daily
	12	24	26	52	260

Step 1. Adjust the employee's wage amount

1a	Enter the employee's total taxable wages this payroll period	1a	\$
1b	Enter the number of pay periods you have per year (see Table 6)	1b	
1c	Enter the amount from Step 4(a) of the employee's Form W-4	1c	\$
1d	Divide line 1c by the number on line 1b	1d	\$
1e	Add lines 1a and 1d	1e	\$
1f	Enter the amount from Step 4(b) of the employee's Form W-4	1f	\$
1g	Divide line 1f by the number on line 1b	1g	\$
1h	Subtract line 1g from line 1e. If zero or less, enter -0-. This is the Adjusted Wage Amount	1h	\$

Step 2. Figure the Tentative Withholding Amount

based on your pay frequency, the employee's Adjusted Wage Amount, filing status (Step 1(c) of Form W-4), and whether the box in Step 2 of Form W-4 is checked.

2a	Find the row in the STANDARD Withholding Rate Schedules (if the box in Step 2 of Form W-4 is NOT checked) or the Form W-4, Step 2, Checkbox, Withholding Rate Schedules (if it HAS been checked) of the Percentage Method tables in this section in which the amount on line 1h is at least the amount in column A but less than the amount in column B, and then enter here the amount from column A of that row	2a	\$
2b	Enter the amount from column C of that row	2b	\$
2c	Enter the percentage from column D of that row	2c	%
2d	Subtract line 2a from line 1h	2d	\$
2e	Multiply the amount on line 2d by the percentage on line 2c	2e	\$
2f	Add lines 2b and 2e. This is the Tentative Withholding Amount	2f	\$

Step 3. Account for tax credits

3a	Enter the amount from Step 3 of the employee's Form W-4	3a	\$
3b	Divide the amount on line 3a by the number of pay periods on line 1b	3b	\$
3c	Subtract line 3b from line 2f. If zero or less, enter -0-	3c	\$

Step 4. Figure the final amount to withhold

4a	Enter the additional amount to withhold from Step 4(c) of the employee's Form W-4	4a	\$
4b	Add lines 3c and 4a. This is the amount to withhold from the employee's wages this pay period	4b	\$

5. Percentage Method Tables for Manual Payroll Systems With Forms W-4 From 2019 or Earlier

If you compute payroll manually and your employee **has not** submitted a Form W-4 for 2020 or later, and you prefer to use the Percentage Method or you can't use the Wage Bracket Method tables because the employee's annual wages exceed the amount from the last bracket of the table (based on marital status and pay period) or the employee claimed more than 10 allowances, use the worksheet below and the Percentage Method tables that follow

Worksheet 5. Employer's Withholding Worksheet for Percentage Method Tables for Manual Payroll Systems With Forms W-4 From 2019 or Earlier

Keep for Your Records

Table 7

Annually	Semiannually	Quarterly	Monthly	Semimonthly	Biweekly	Weekly	Daily
\$4,300	\$2,150	\$1,075	\$358	\$179	\$165	\$83	\$17

Step 1. Adjust the employee's wage amount

- 1a Enter the employee's total taxable wages this payroll period 1a \$ _____
- 1b Enter the number of allowances claimed on the employee's most recent Form W-4 1b _____
- 1c Multiply line 1b by the amount in Table 7 for your pay frequency 1c \$ _____
- 1d Subtract line 1c from line 1a. If zero or less, enter -0-. This is the **Adjusted Wage Amount** 1d \$ _____

Step 2. Figure the Tentative Withholding Amount

based on your pay frequency, the employee's Adjusted Wage Amount, and marital status (line 3 of Form W-4).

- 2a Find the row in the Percentage Method table in this section in which the amount on line 1d is at least the amount in column A but less than the amount in column B, and then enter here the amount from column A of that row 2a \$ _____
- 2b Enter the amount from column C of that row 2b \$ _____
- 2c Enter the percentage from column D of that row 2c _____ %
- 2d Subtract line 2a from line 1d 2d \$ _____
- 2e Multiply the amount on line 2d by the percentage on line 2c 2e \$ _____
- 2f Add lines 2b and 2e. This is the **Tentative Withholding Amount** 2f \$ _____

Step 3. Figure the final amount to withhold

- 3a Enter the additional amount to withhold from line 6 of the employee's Form W-4 3a \$ _____
- 3b Add lines 2f and 3a. **This is the amount to withhold from the employee's wages this pay period** 3b \$ _____

to figure federal income tax withholding. This method works for any number of withholding allowances claimed and any amount of wages.

Periodic payments of pensions or annuities with a 2021 or earlier Form W-4P. In lieu of Worksheet 1B and the Percentage Method tables in [section 1](#), you may use Worksheet 5 and the Percentage Method tables in this section to figure federal income tax withholding on periodic payments of pensions or annuities with a 2021 or earlier Form W-4P. As an alternative, if you prefer to use the Wage Bracket Method of withholding, you may use Worksheet 3 and the Wage Bracket Method tables in [section 3](#) to figure federal income tax withholding on periodic payments of pensions or annuities with a 2021 or earlier Form W-4P.

6. Alternative Methods for Figuring Withholding

You may use various methods for figuring federal income tax withholding. The methods described next may be used instead of the Percentage Method and Wage Bracket Method discussed earlier in this publication. Use the method that best suits your payroll system and employees.

Employers must use a modified procedure to figure the amount of federal income tax withholding on the wages of nonresident alien employees. Before you use any of the alternative methods to figure the federal income tax withholding on the wages of nonresident alien employees, see [Withholding Adjustment for Nonresident Alien Employees](#), earlier.

Annualized wages. The Percentage Method Tables for Automated Payroll Systems in [section 1](#) and Worksheet 1A allow you to figure federal income tax withholding based on annualized wages.

Average estimated wages. You may withhold the tax for a payroll period based on estimated average wages, with necessary adjustments, for any quarter. For details, see Regulations section 31.3402(h)(1)-1.

Cumulative wages. An employee may ask you, in writing, to withhold tax on cumulative wages. If you agree to do so, and you've paid the employee for the same kind of payroll period (weekly, biweekly, etc.) since the beginning of the year, you may figure the tax as follows.

Add the wages you've paid the employee for the current calendar year to the current payroll period amount. Divide this amount by the number of payroll periods so far this year, including the current period. Figure the withholding on this amount, and multiply the withholding by the number of payroll periods so far this year, including the current period. Subtract the total tax already deducted and withheld during the calendar year from the total amount of tax calculated. The excess is the amount to withhold for the current payroll period. See Revenue Procedure 78-8, 1978-1 C.B. 562, for an example of the cumulative method.

Part-year employment. A part-year employee who figures income tax on a calendar-year basis may ask you to withhold tax by the part-year employment method. The request must be in writing, under penalties of perjury, and must contain the following information.

- The last day of any employment during the calendar year with any prior employer.
- A statement that the employee uses the calendar year accounting period.
- A statement that the employee reasonably anticipates that he or she will be employed by all employers for a total of no more than 245 days in all terms of continu-

ous employment (defined below in this section) during the current calendar year.

Complete the following steps to figure withholding tax by the part-year method.

1. Add the wages to be paid to the employee for the current payroll period to any wages that you've already paid to the employee in the current term of continuous employment. See the definition for "term of continuous employment," later.
2. Add the number of payroll periods used in step 1 to the number of payroll periods between the employee's last employment and current employment. To find the number of periods between the last employment and current employment, divide the number of calendar days between the employee's last day of earlier employment (or the previous December 31, if later) and the first day of current employment by the number of calendar days in the current payroll period.
3. Divide the step 1 amount by the total number of payroll periods from step 2.
4. Find the tax in the withholding tax tables on the step 3 amount. Be sure to use the correct payroll period table and to take into account the employee's withholding allowances if their Form W-4 is from 2019 or earlier, or take into account other information provided on the employee's 2020 or later Form W-4.
5. Multiply the total number of payroll periods from step 2 by the step 4 amount.
6. Subtract from the step 5 amount the total tax already withheld during the current term of continuous employment. Any excess is the amount to withhold for the current payroll period.

See Regulations section 31.3402(h)(4)-1(c) for more information about the part-year method.

Term of continuous employment. A term of continuous employment may be a single term or two or more following terms of employment with the same employer. A term of continuous employment includes holidays, regular days off, and days off for illness or vacation. A term of continuous employment begins on the first day that an employee works for you and earns pay. It ends on the earlier of the employee's last day of work for you or, if the employee performs no services for you for more than 30 calendar days, the last workday before the 30-day period. If an employment relationship is ended, the term of continuous employment is ended even if a new employment relationship is established with the same employer within 30 days.

Other methods. You may use other methods and tables for withholding taxes, as long as the amount of tax withheld is consistently about the same as it would be under the Percentage Method, as discussed in [section 1](#). If you develop an alternative method or table, you should test the full range of wage and allowance situations to be sure that they meet the tolerances contained in Regulations section 31.3402(h)(4)-1(a) as shown in the chart next.

IF the tax required to be withheld under the annual percentage is . . .	THEN the annual tax withheld under your method may not differ by more than . . .
less than \$10.00	\$9.99.
\$10 or more but under \$100	\$10 plus 10% of the excess over \$10.
\$100 or more but under \$1,000	\$19 plus 3% of the excess over \$100.
\$1,000 or more	\$46 plus 1% of the excess over \$1,000.

7. Tables for Withholding on Distributions of Indian Gaming Profits to Tribal Members

If you make certain payments to members of Indian tribes from gaming profits, you must withhold federal income tax. You must withhold if (a) the total payment to a member for the year is over \$14,600, and (b) the payment is from the net revenues of class II or class III gaming activities (classified by the Indian Gaming Regulatory Act) conducted or licensed by the tribes.

A class I gaming activity isn't subject to this withholding requirement. Class I activities are social games solely for prizes of minimal value or traditional forms of Indian gaming engaged in as part of tribal ceremonies or celebrations.

Class II. Class II includes (a) bingo and similar games, such as pull tabs, punch boards, tip jars, lotto, and instant bingo; and (b) card games that are authorized by the state

or that aren't explicitly prohibited by the state and played at a location within the state.

Class III. A class III gaming activity is any gaming that isn't class I or class II. Class III includes horse racing, dog racing, jai alai, casino gaming, and slot machines.

Withholding Tables

To figure the amount of tax to withhold each time you make a payment, use the table on the next page for the period for which you make payments. For example, if you make payments weekly, use Table 1; if you make payments monthly, use Table 4. If the total payments to an individual for the year are \$14,600 or less, no withholding is required.

Example. A tribal member is paid monthly. The monthly payment is \$6,000. Use Table 4, Monthly Distribution Period, to figure the withholding. Subtract \$5,146 from the \$6,000 payment for a remainder of \$854. Multiply this amount by 22% for a total of \$187.88. Add \$452.16 for total withholding of \$640.04.

Depositing and reporting withholding. Combine the Indian gaming withholding with all other nonpayroll withholding (for example, backup withholding and withholding on gambling winnings). Generally, you must deposit the amounts withheld using electronic funds transfer. See *Depositing Taxes* in Pub. 15 for a detailed discussion of the deposit requirements.

Report Indian gaming withholding on Form 945. Also, report the payments and withholding to tribal members and to the IRS on Form 1099-MISC.

How To Get Tax Help

If you have questions about a tax issue; need help preparing your tax return; or want to download free publications,

forms, or instructions, go to [IRS.gov](https://www.irs.gov) to find resources that can help you right away.

Preparing and filing your tax return. Go to [IRS.gov/employmentfile](https://www.irs.gov/employmentfile) for more information on filing your employment tax returns electronically.

Getting answers to your tax questions. On IRS.gov, you can get up-to-date information on current events and changes in tax law.

- [IRS.gov/Help](https://www.irs.gov/Help): A variety of tools to help you get answers to some of the most common tax questions.
- [IRS.gov/Forms](https://www.irs.gov/Forms): Find forms, instructions, and publications. You will find details on the most recent tax changes and interactive links to help you find answers to your questions.
- You may also be able to access tax information in your e-filing software.

Need someone to prepare your tax return? There are various types of tax return preparers, including enrolled agents, certified public accountants (CPAs), accountants, and many others who don't have professional credentials. If you choose to have someone prepare your tax return, choose that preparer wisely. A paid tax preparer is:

- Primarily responsible for the overall substantive accuracy of your return,
- Required to sign the return, and
- Required to include their preparer tax identification number (PTIN).

Although the tax preparer always signs the return, you're ultimately responsible for providing all the information required for the preparer to accurately prepare your return and for the accuracy of every item reported on the return. Anyone paid to prepare tax returns for others should have a thorough understanding of tax matters. For more information on how to choose a tax preparer, go to [Tips for Choosing a Tax Preparer](https://www.irs.gov/charities-philanthropy/publications/tips-for-choosing-a-tax-preparer) on IRS.gov.

Employers can register to use Business Services Online. The Social Security Administration (SSA) offers online service at [SSA.gov/employer](https://ssa.gov/employer) for fast, free, and secure W-2 filing options to CPAs, accountants, enrolled agents, and individuals who process Form W-2, Wage and Tax Statement, and Form W-2c, Corrected Wage and Tax Statement.

IRS social media. Go to [IRS.gov/SocialMedia](https://www.irs.gov/SocialMedia) to see the various social media tools the IRS uses to share the latest information on tax changes, scam alerts, initiatives, products, and services. At the IRS, privacy and security are our highest priority. We use these tools to share public information with you. **Don't** post your social security number (SSN) or other confidential information on social media sites. Always protect your identity when using any social networking site.

The following IRS YouTube channels provide short, informative videos on various tax-related topics in English, Spanish, and ASL.

- [Youtube.com/irsvideosmultilingua](https://www.youtube.com/irsvideosmultilingua).
- [Youtube.com/irsvideosASL](https://www.youtube.com/irsvideosASL).

Watching IRS videos. The IRS Video portal ([IRSVideos.gov](https://www.irs.gov/irsvideos)) contains video and audio presentations for individuals, small businesses, and tax professionals.

Online tax information in other languages. You can find information on [IRS.gov/MyLanguage](https://www.irs.gov/MyLanguage) if English isn't your native language.

Free Over-the-Phone Interpreter (OPI) Service. The IRS is committed to serving taxpayers with limited-English proficiency (LEP) by offering OPI services. The OPI Service is a federally funded program and is available at Taxpayer Assistance Centers (TACs), most IRS offices, and every VITA/TCE tax return site. The OPI Service is accessible in more than 350 languages.

Accessibility Helpline available for taxpayers with disabilities. Taxpayers who need information about accessibility services can call 833-690-0598. The Accessibility Helpline can answer questions related to current and future accessibility products and services available in alternative media formats (for example, braille, large print, audio, etc.). The Accessibility Helpline doesn't have access to your IRS account. For help with tax law, refunds, or account-related issues, go to [IRS.gov/LetUsHelp](https://www.irs.gov/LetUsHelp).

Disasters. Go to [IRS.gov/DisasterRelief](https://www.irs.gov/DisasterRelief) to review the available disaster tax relief.

Getting tax forms and publications. Go to [IRS.gov/Forms](https://www.irs.gov/Forms) to view, download, or print most of the forms, instructions, and publications you may need. Or, you can go to [IRS.gov/OrderForms](https://www.irs.gov/OrderForms) to place an order.

Getting tax publications and instructions in eBook format. Download and view most tax publications and instructions (including Pub. 15-T) on mobile devices as eBooks at [IRS.gov/eBooks](https://www.irs.gov/eBooks).

IRS eBooks have been tested using Apple's iBooks for iPad. Our eBooks haven't been tested on other dedicated eBook readers, and eBook functionality may not operate as intended.

Get a transcript of your return. You can get a copy of your tax transcript or a copy of your return by calling 800-829-4933 or by mailing Form 4506-T (transcript request) or Form 4506 (copy of return) to the IRS.

Reporting and resolving your tax-related identity theft issues.

- Tax-related identity theft happens when someone steals your personal information to commit tax fraud. Your taxes can be affected if your EIN is used to file a fraudulent return or to claim a refund or credit.
- The IRS doesn't initiate contact with taxpayers by email, text messages (including shortened links), telephone calls, or social media channels to request or verify personal or financial information. This includes requests for personal identification numbers (PINs), passwords, or similar information for credit cards, banks, or other financial accounts.

- Go to [IRS.gov/IdentityTheft](https://www.irs.gov/IdentityTheft), the IRS Identity Theft Central webpage, for information on identity theft and data security protection for taxpayers, tax professionals, and businesses. If your EIN has been lost or stolen or you suspect you're a victim of tax-related identity theft, you can learn what steps you should take.

Making a tax payment. Payments of U.S. tax must be remitted to the IRS in U.S. dollars. [Digital assets](#) are **not** accepted. Go to [IRS.gov/Payments](https://www.irs.gov/Payments) for information on how to make a payment using any of the following options.

- [Debit Card, Credit Card, or Digital Wallet](#): Choose an approved payment processor to pay online or by phone.
- [Electronic Funds Withdrawal](#): Schedule a payment when filing your federal taxes using tax return preparation software or through a tax professional.
- [Electronic Federal Tax Payment System](#): Best option for businesses. Enrollment is required.
- [Check or Money Order](#): Mail your payment to the address listed on the notice or instructions.
- [Cash](#): You may be able to pay your taxes with cash at a participating retail store.
- [Same-Day Wire](#): You may be able to do same-day wire from your financial institution. Contact your financial institution for availability, cost, and time frames.

Note. The IRS uses the latest encryption technology to ensure that the electronic payments you make online, by phone, or from a mobile device using the IRS2Go app are safe and secure. Paying electronically is quick, easy, and faster than mailing in a check or money order.

What if I can't pay now? Go to [IRS.gov/Payments](https://www.irs.gov/Payments) for more information about your options.

- Apply for an [online payment agreement \(IRS.gov/OPA\)](#) to meet your tax obligation in monthly installments if you can't pay your taxes in full today. Once you complete the online process, you will receive immediate notification of whether your agreement has been approved.
- Use the [Offer in Compromise Pre-Qualifier](#) to see if you can settle your tax debt for less than the full amount you owe. For more information on the Offer in Compromise program, go to [IRS.gov/OIC](https://www.irs.gov/OIC).

Understanding an IRS notice or letter you've received. Go to [IRS.gov/Notices](https://www.irs.gov/Notices) to find additional information about responding to an IRS notice or letter.

Responding to an IRS notice or letter. You can now upload responses to all notices and letters using the Document Upload Tool. For notices that require additional action, taxpayers will be redirected appropriately on IRS.gov to take further action. To learn more about the tool, go to [IRS.gov/Upload](https://www.irs.gov/Upload).

Contacting your local TAC. Keep in mind, many questions can be answered on IRS.gov without visiting a TAC.

Go to [IRS.gov/LetUsHelp](https://www.irs.gov/LetUsHelp) for the topics people ask about most. If you still need help, TACs provide tax help when a tax issue can't be handled online or by phone. All TACs now provide service by appointment, so you'll know in advance that you can get the service you need without long wait times. Before you visit, go to [IRS.gov/TACLocator](https://www.irs.gov/TACLocator) to find the nearest TAC and to check hours, available services, and appointment options. Or, on the IRS2Go app, under the Stay Connected tab, choose the Contact Us option and click on "Local Offices."

The Taxpayer Advocate Service (TAS) Is Here To Help You

What Is TAS?

TAS is an **independent** organization within the IRS that helps taxpayers and protects taxpayer rights. TAS strives to ensure that every taxpayer is treated fairly and that you know and understand your rights under the [Taxpayer Bill of Rights](#).

How Can You Learn About Your Taxpayer Rights?

The Taxpayer Bill of Rights describes 10 basic rights that all taxpayers have when dealing with the IRS. Go to [TaxpayerAdvocate.IRS.gov](https://www.irs.gov/TaxpayerAdvocate) to help you understand what these rights mean to you and how they apply. These are **your** rights. Know them. Use them.

What Can TAS Do for You?

TAS can help you resolve problems that you can't resolve with the IRS. And their service is free. If you qualify for their assistance, you will be assigned to one advocate who will work with you throughout the process and will do everything possible to resolve your issue. TAS can help you if:

- Your problem is causing financial difficulty for you, your family, or your business;
- You face (or your business is facing) an immediate threat of adverse action; or
- You've tried repeatedly to contact the IRS but no one has responded, or the IRS hasn't responded by the date promised.

How Can You Reach TAS?

TAS has offices [in every state, the District of Columbia, and Puerto Rico](#). To find your advocate's number:

How Else Does TAS Help Taxpayers?

TAS works to resolve large-scale problems that affect many taxpayers. If you know of one of these broad issues,

Topic no. 410, Pensions and annuities

If you receive retirement benefits in the form of pension or annuity payments from a qualified employer retirement plan, all or some portion of the amounts you receive may be taxable unless the payment is a qualified distribution from a designated Roth account.

This topic doesn't cover the taxation of social security and equivalent railroad retirement benefits. For information about tax on those benefits, refer to [Topic no. 423](#) and [Are my Social Security or railroad retirement tier I benefits taxable?](#)

Fully taxable payments

The pension or annuity payments that you receive are fully taxable if you have no investment in the contract (sometimes referred to as "cost" or "basis") due to any of the following situations:

- You didn't contribute any after-tax amounts or aren't considered to have contributed any after-tax amounts for your pension or annuity
- Your employer didn't withhold after-tax contributions from your salary, or
- You received all of your after-tax contributions (your investment in the contract) tax-free in prior years

Partially taxable payments

If you contributed after-tax dollars to your pension or annuity, your pension payments are partially taxable. You won't pay tax on the part of the payment that represents a return of the after-tax amount you paid. This amount is your investment in the contract and includes the amounts your employer contributed that were taxable to you when contributed. Taxpayers figure the tax on partly taxable pensions by using either the general rule or the simplified method. For more information on the general rule and simplified method, refer to [Topic no. 411](#). If the starting date of your pension or annuity payments is after November 18, 1996, you generally must use the simplified method to determine how much of your annuity payment is taxable and how much is tax-free.

Additional 10% tax on early distributions

If you receive pension or annuity payments before age 59½, you may be subject to an additional 10% tax on early distributions, unless the distribution qualifies for an [exception](#). The additional tax generally doesn't apply to any part of a distribution that's tax-free or to any of the following types of distributions:

- Distributions made as a part of a series of substantially equal periodic payments that begins after your separation from service.
- Distributions made because you're totally and permanently disabled.
- Made to you because you're terminally ill.
- Distributions made on or after the death of the plan participant or contract holder.

For other exceptions to the additional 10% tax, refer to [Publication 575, Pension and Annuity Income](#) and [Instructions for Form 5329, Additional Taxes on Qualified Plans \(Including IRAs\) and Other Tax-Favored Accounts](#).

Survivor or beneficiary

If you're a survivor or beneficiary of a pension plan participant or annuitant, refer to [Publication 575](#) for rules relating to income inclusion.

Tax withholding

The taxable part of your pension or annuity payments is generally subject to federal income tax withholding.

You may be able to choose not to have income tax withheld from your pension or annuity payments or may want to specify how much tax is withheld. If so, provide the payer [Form W-4P, Withholding Certificate for Periodic Pension or Annuity Payments](#) or a similar form provided by the payer along with your social security number (SSN). If you're a U.S. citizen or resident alien, you must provide the payer with a home address in the United States (or its territories) to be able to choose to have no tax withheld. Payers generally figure the withholding from periodic payments of a pension or annuity the same way as for wages. If you don't submit the Form W-4P withholding certificate, you don't provide your SSN, or the IRS notifies the payer that you gave an incorrect SSN, then the payer must withhold tax as if your filing status is single with no adjustments in Steps 2 through 4.

Special rules apply to certain nonperiodic payments from qualified retirement plans. For information on the special tax treatment of lump-sum distributions, refer to [Topic no. 412](#). If you receive an eligible rollover distribution, the payer must withhold 20% of the taxable amount of it, even if you intend to roll it over later. You can avoid this withholding by choosing the direct rollover option. A distribution sent to you in the form of a check payable to the receiving plan or IRA isn't subject to withholding. For more information on rollovers, refer to [Topic no. 413](#) and visit [Do I need to report the transfer or rollover of an IRA or retirement plan on my tax return?](#)

Estimated tax payments

If you pay your taxes through withholding and the withheld tax isn't enough, you may also need to make estimated tax payments to ensure you don't underpay taxes during the tax year. For more information on increasing withholding tax, making [estimated tax payments](#), and the consequences of not withholding the proper amount of tax, refer to [Publication 505, Tax Withholding and Estimated Tax](#).

Topic no. 412, Lump-sum distributions

If you were born before January 2, 1936, and you receive a lump-sum distribution from a qualified retirement plan or a qualified retirement annuity, you may be able to elect optional methods of figuring the tax on the distribution. These optional methods can be elected only once after 1986 for any eligible plan participant.

What's a lump-sum distribution?

A lump-sum distribution is the distribution or payment within a single tax year of a plan participant's entire balance from all of the employer's qualified plans of one kind (for example, pension, profit-sharing, or stock bonus plans). Additionally, a lump-sum distribution is a distribution that's paid:

- Because of the plan participant's death,
- After the participant reaches age 59½,
- Because the participant, if an employee, separates from service, or
- After the participant, if a self-employed individual, becomes totally and permanently disabled.

Lump-sum treatment options

You can elect to treat the portion of a lump-sum distribution that's attributable to your active participation in the plan using one of five options:

1. Report the taxable part of the distribution from participation before 1974 as a capital gain (if you qualify) and the taxable part of the distribution from participation after 1973 as ordinary income.
2. Report the taxable part of the distribution from participation before 1974 as a capital gain (if you qualify) and use the 10-year tax option to figure the tax on the part from participation after 1973 (if you qualify).
3. Use the 10-year tax option to figure the tax on the total taxable amount (if you qualify).
4. Roll over all or part of the distribution. No tax is currently due on the part rolled over. Report any part not rolled over as ordinary income.
5. Report the entire taxable part as ordinary income.

Net unrealized appreciation

If the lump-sum distribution includes employer securities and the payer reported an amount in box 6 of your [Form 1099-R, Distributions From Pensions, Annuities, Retirement or Profit-Sharing Plans, IRAs, Insurance Contracts, etc.](#) for net unrealized appreciation (NUA) in employer securities, the NUA is generally not subject to tax until you sell the securities. However, you may elect to include the NUA in your income in the year the securities are distributed to you.

Capital gain treatment

You should receive a [Form 1099-R](#) [PDF](#) from the payer of the lump-sum distribution showing your taxable distribution and the amount eligible for capital gain treatment. If your Form 1099-R isn't made available to you by January 31 of the year following the year of the distribution, you should contact the payer of your lump-sum distribution. Or, if by the end of February you haven't received your Form 1099-R, you may call us at [800-829-1040](tel:800-829-1040) for [assistance](#); refer to [Topic no. 154](#) for more information.

Transfer or rollover options

You may be able to defer tax on all or part of a lump-sum distribution by requesting the payer to directly roll over the taxable portion into an individual retirement arrangement (IRA) or to an eligible retirement plan. You may also be able to defer tax on a distribution paid to you by rolling over the taxable amount to an IRA within 60 days after receipt of the distribution. If you do a rollover, the regular IRA distribution rules will apply to any later distributions, and you can't use the special tax treatment rules for lump-sums (described earlier). For more information on rollovers, refer to [Topic no. 413](#) and [Do I need to report the transfer or rollover of an IRA or retirement plan on my tax return?](#)

Mandatory withholding

Mandatory income tax withholding of 20% applies to most taxable distributions paid directly to you in a lump sum from employer retirement plans even if you plan to roll over the taxable amount within 60 days. Note that the default rate of withholding may be too low for your tax situation. You may choose to provide the payer [Form W-4R, Withholding Certificate for Nonperiodic Payments and Eligible Rollover Distributions](#) to elect to have more than 20% withheld.

Additional information

For more information on the rules for lump-sum distributions, including information for beneficiaries and alternate payees, information on distributions that don't qualify for the 20% capital gain election or the 10-year tax option, and including information on NUA treatment for these distributions, refer to [Publication 575, Pension and Annuity Income](#) and the instructions for [Form 4972, Tax on Lump-Sum Distributions](#).

Topic no. 413, Rollovers from retirement plans

A rollover occurs when you withdraw cash or other assets from one eligible retirement plan and contribute all or part of it, within 60 days, to another eligible retirement plan. This rollover transaction isn't taxable, unless the rollover is to a Roth IRA or a designated Roth account from another type of plan or account, but it is reportable on your federal tax return. You must include the taxable amount of a distribution that you don't roll over in income in the year of the distribution.

Ineligible distributions

Certain distributions from an eligible retirement plan can't be rolled over, including:

1. A distribution that's one of a series of payments made for your life (or life expectancy), or the joint lives (or joint life expectancies) of you and your beneficiary, or made for a specified period of 10 years or more;
2. A required minimum distribution;
3. A hardship distribution from an employer retirement plan;
4. Corrective distributions of excess contributions or excess deferrals, and any income allocable to these distributions, or of excess annual additions and any allocable gains;
5. A loan treated as a distribution because it doesn't satisfy certain requirements either when made or later (such as upon default), unless the participant's accrued benefits are reduced (offset) to repay the loan;
6. Dividends paid on employer securities; or
7. The cost of life insurance coverage.

Rollover of nontaxable amounts

You may be able to roll over the nontaxable part of a distribution (such as your after-tax contributions) made to another qualified retirement plan that is a qualified employee plan or a 403(b) plan, or to a traditional or Roth IRA. The transfer must be made either through a direct rollover to a qualified plan or 403(b) plan that separately accounts for the taxable and nontaxable parts of the rollover or through a rollover to a traditional or Roth IRA.

Timeframe to complete a rollover

If a plan pays you an eligible rollover distribution, you have 60 days from the date you receive it to roll it over to another eligible retirement plan. Or, if you have a qualified plan loan offset amount, you have until the due date (including extensions) for the tax year in which the offset occurs to complete an eligible rollover. Refer to [Publication 575, Pension and Annuity Income](#) for more information.

If you've missed the 60-day deadline, you may still be able to complete a rollover by self-certifying that you qualify for a [waiver of the 60-day requirement](#). For details, see Revenue Procedures [2016-47](#) [PDF](#) and [2020-46](#) [PDF](#).

The 60-day period may be [postponed](#) if you were affected by a federally declared disaster, or by a significant fire for which assistance is provided under the Robert T. Stafford Disaster Relief and Emergency Assistance Act. Also, if you took a qualified disaster distribution from a retirement plan and want to repay it, generally, you have 3 years to do so.

Withholding

Any taxable eligible rollover distribution paid to you from an employer-sponsored retirement plan is subject to a mandatory income tax withholding of 20%, even if you intend to roll it over later. If you do roll it over and want to defer tax on the entire taxable portion, you'll have to add funds from other sources equal to the amount withheld. Note that the default rate of withholding may be too low for your tax situation. You may choose to provide the payer [Form W-4R, Withholding Certificate for Nonperiodic Payments and Eligible Rollover Distributions](#), to elect to have more than 20% withheld.

You can choose instead a direct rollover, in which you have the payer transfer a distribution directly to another eligible retirement plan (including an IRA). The 20% mandatory withholding doesn't apply in a direct rollover.

Additional taxes

If you're underage 59½ at the time of the distribution, any taxable portion not rolled over may be subject to a 10% additional tax on early distributions unless an [exception](#) applies. For a list of exceptions, refer to [Topic no. 557](#) and [Topic no. 558](#). Certain distributions from a SIMPLE IRA will be subject to an additional 25% tax instead of the additional 10% tax. For more information on SIMPLE IRAs, refer to [Publication 560, Retirement Plans for Small Business \(SEP, SIMPLE, and Qualified Plans\)](#).
