# Wyoming Retirement System

Partnering to Build Financial Security for Members and their Families

Mark Gordon Governor David Swindell Executive Director

#### Financial and Actuarial Information for the Fiscal Year Ended December 31, 2019

Financial information supporting the preparation of the Schedules of Employer Allocations and the Schedules of Collective Pension Amounts is included within this publication. Additional actuarial information for the plan may be obtained in a separate GASB 68 report prepared by the Wyoming Retirement System's Actuary, and additional financial information may be found within the Wyoming Retirement System's Comprehensive Annual Financial Report (CAFR) for the fiscal year ended December 31, 2019.

Each participating employer is solely responsible for its financial statements and for evaluating, the information used to recognize and disclose pension amounts therein. Likewise, each participating employer's auditor is solely responsible for the audit of the employer's financial statements. In accordance with the State and Local Government Expert Panel's (SLGEP's) of the American Institute of Certified Public Accounts (AICPA) whitepaper *Governmental Employer Participation in Cost-Sharing Multiple Employer Plans: Issues Related to Information for Employer Reporting*:

"The employer and the employer auditor may use the plan auditor's report on the schedules to provide evidence that the pension amounts allocated to the employer and included in the employer's financial statements are not materially misstated."

The employer contributions as reported within this report reflect only employee and employer contributions received by the Wyoming Retirement System for the calendar year ending December 31, 2019. This information does not include service purchase payments, rehired retiree payments, penalty interest payments or any other payment received within the calendar year but posted for a period other than the current period.

This publication, the disclosure for accounting policies, relationship to the systems financial statements, actuary and investment assumption will be found within the CAFR. The plan GASB 68 actuarial reports and the CAFR are available on the Wyoming Retirement System website at <a href="http://retirement.wyo.gov">http://retirement.wyo.gov</a>.

#### **Independent Auditor's Report**

#### **Independent Auditor's Report**

To the Wyoming Retirement Board Wyoming Retirement System Cheyenne, Wyoming

#### Report on Schedule of Employer Allocations and Collective Pension Amounts

We have audited the accompanying schedule of employer allocations (and separated by state agencies) of Public Employees Pension Plan; State Patrol, Game & Fish Warden Pension Plan, and Criminal Investigator Pension Plan; Volunteer Firefighter & EMT Pension Plan; Paid Firemen's Pension Plan A, Paid Firemen's Pension Plan B, Judicial Pension Plan, Law Enforcement Pension Plan, and Air Guard Firefighter Pension Plan (WRS Pension Plans) as of and for the years ended December 31, 2019 and 2018 and related notes. We have also audited the totals for the columns titled net pension liability (asset), total deferred outflows of resources, total deferred inflow of resources and plan pension expense (specified column totals) included in the accompanying schedule of collective pension amounts (collectively the Schedules) of the WRS Pension Plans as of and for the year ended December 31, 2019, and related notes to the Schedules.

#### Management's Responsibility for the Schedules

Management is responsible for the preparation and fair presentation of the Schedules in accordance with accounting principles generally accepted in the United States of America; this includes design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the Schedules that is free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on the schedule of employer allocations and specified column totals included in the schedule of collective pension amounts based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Schedules are free from material misstatement.

An audit involves performing procedures to obtain audit evidence to obtain audit evidence about the amounts and disclosures in the schedule of employer allocations and specified column totals included in the schedule of collective pension amounts. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Schedules, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the Schedules in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of WRS Pension Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the Schedules.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Independent Auditor's Report**

#### **Opinions**

In our opinion, the Schedules referred to above present fairly, in all material respects, the employer allocations and net pension liability (asset), total deferred outflows of resources, total deferred inflow of resources, and plan pension expense for the total of all participating entities for the WRS Pension Plans as of and for the year ended December 31, 2019 and 2018, in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of the WRS Pension Plans as of and for the year ended December 31, 2019, and our report thereon, dated June 19, 2020, expressed an unmodified opinion on those financial statements.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the Schedules that collectively comprise the WRS Pension Plans as a whole. The supplementary information, schedule of changes in net pension liability (asset) and related ratios – multiyear, pension expense, statement of outflows and inflows arising from current reporting period, history of deferred outflows and inflows by resources by source, the statement of outflows and inflows arising from current and prior reporting periods, the statement of fiduciary net position, and the statement of changes in fiduciary net position (collectively the supplementary information schedules) for 2019 are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the Schedules. The 2019 information has been subjected to the auditing procedures applied in the audit of the Schedules and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the Schedules or to the Schedules themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying financial information listed as supplemental information schedules pertaining to 2019 are fairly stated, in all material respects, in relation to the Schedules as a whole.

The Additional Financial and Actuarial Information on page 1 has not been subjected to the auditing procedures applied in the audit of the accompanying Schedules and, accordingly, we do not express an opinion or provide any assurance on it.

#### Restriction on Use

Our report is intended solely for the information and use of the WRS Pension Plan's management, the Wyoming Retirement Board, WRS Pension Plan's employers and their auditors and is not intended to be and should not be used by anyone other than these specified parties.

## **Pension Expense**

Air Guard Firefighter Pension Plan	
Fiscal year ending December 31,	2019
A. Expense	
1. Service Cost	\$317,202
2. Interest on the Total Pension Liability	624,153
3. Current-Period Benefit Charges	-
4. Employee Contributions (made negative for addition here)	(369,907)
5. Projected Earnings on Plan Investments (made negative for addition here)	(504,756)
6. Pension Plan Administrative	6,972
7. Other Changes in Plan Fiduciary Net Position	327
8. Recognition of Outflow (Inflow) of Resources due to Liabilities	126,867
9. Recognition of Outflow (Inflow) of Resources due to Assets	20,146
10. Recognition of Outflow of Resources due to Contributions made from January 1, 2020 to June 30, 2020 *	-
11 Total Denaion Evange	\$221 00 <i>1</i>

<sup>\*</sup> In accordance with GASB 68, employers may need to illustrate contributions made after the measurement date.

## Statement of Outflows and Inflows Arising from Current Reporting Period

Air Guard Firefighter Pension Plan	
Fiscal year ending December 31,	2019
A. Outflows (Inflows) of Resources due to Liabilities	
Difference between expected and actual experience of the Total Pension Liability (gain) or losses	\$1,751
2. Assumption Changes (gains) or losses	_
3. Recognition period for Liabilities: Average of the expected remaining service lives of all employees {in years}	8.0476
4. Outflow (Inflow) of Resources to be recognized in the current pension expense for the Difference between expected and actual experience of the Total Pension Liability	218
5. Outflow (Inflow) of Resources to be recognized in the current pension expense for Assumption Changes	-
6. Total Outflow (Inflow) of Resources to be recognized in the current pension expense due to Liabilities	218
7. Deferred Outflow (Inflow) of Resources to be recognized in future pension expenses for the Difference between expected and actual experience of the Total Pension Liability	1,533
8. Deferred Outflow (Inflow) of Resources to be recognized in future pension expenses for assumption Changes	-
9. Total Deferred Outflow (Inflow) of Resources to be recognized in future pension expenses due to Liabilities	1,533
B. Outflows (Inflows) of Resources due to Assets	
Net difference between projected and actual earnings on pension plan investment (gains) or losses	\$(795,705)
2. Recognition period for Assets {in years}	5.0000
3. Outflow (Inflow) of Resources to be recognized in the current pension expense due to Assets	(159,141)
4. Deferred Outflow (Inflow) of Resources to be recognized in future pension expenses due to Assets	(636,564)

# **2019 GASB 68 REPORT**

**Schedule of Employer Allocations and Collective Pension Amounts** 

# Notes to Schedule of Employer Allocations and Collective Pension Amounts

Page Intentionally Blank

#### **Summary of Significant Accounting Policies**

Employer contributions to the Wyoming Retirement System (WRS) are calculated on creditable compensation for active members reported by employers. Employer contributions are accrued when paid. Employer contributions are calculated as a percentage of creditable compensation as established by state statute for each applicable plan.

The Schedule of Collective Pension Amounts presents the deferred inflow of resources, deferred outflow of resources, pension expense and net pension liability (asset) at the Fund level. The schedule of Employer Allocations reflects current year employer and employee total contributions. Contributions and adjustments to contributions reported in the current year for service performed in a prior year are recognized as contributions in the prior year and are not included in the current year Schedule of Employer Allocations. This information does not include service purchase payments, rehired retiree payments, or penalty interest payments. The Schedule of Employer Allocations includes the following for each individual employer:

- Employer Retirement Administration and Investment Network (RAIN) Identification number
- Employer Name
- The amount of total employer and employee contributions for the contributing entity for the Plan for the period January 1, 2019 to December 31, 2019 (the WRS fiscal year)
- The contributing entity's contributions as a percentage of total employer contributions for the Plan for the period January 1, 2019 to December 31, 2019
- The amount of total employer and employee contributions for the contributing entity for the Plan for the period January 1, 2018 to December 31, 2018 (the prior WRS fiscal year)
- The contributing entity's contributions as a percentage of total employer contributions for the Plan for the period January 1, 2018 to December 31, 2018

The Schedule of Total Contributions has been rounded to the nearest dollar. Percentages are presented to nine decimal places.

#### **Basis of Accounting**

Contributions for employers and the net pension liability are recognized on an accrual basis of accounting.

#### Use of Estimates in the Preparation of the Schedules

The preparation of the Schedules in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain amounts and disclosures. Actual results could differ from those estimates.

#### **Relationship to the System's Basic Financial Statements**

The Schedule of Employer Allocations and Collective Pension Amounts include a reconciliation of employer and employee contributions to the total contributions shown in the Statement of Changes in Fiduciary Net Position. The voluntary Deferred Compensation (457) plan is a separate funding arrangement and thus has not been included for allocation purposes.

#### **Components of Net Pension Liability**

The net pension liability for the Public Employee Plan, Warden, Patrol, and DCI Plan, Volunteer Firefighter, EMT, and Search & Rescue Plan, Paid Firefighter B Plan, Judicial Plan, Law Enforcement Plan, and the Air Guard Firefighter Plan is calculated using a discount rate of 7.00%, which is the expected rate of return on investments reduced by investment expenses. The net pension liability for the Paid Firefighter A Plan is calculated using a 3.09% discount rate. The net pension liability was determined by an actuarial valuation as of December 31, 2019, applied to all prior periods included in the measurement. Actuarial valuation involves estimates of the reported amounts and assumptions about the probability of occurrence of events far into the future. Amounts determined regarding the net pension liability are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. An experience study was conducted covering the five year period ending December 31, 2016. The net pension liability as of December 31, 2019 is based on the results of an actuarial valuation as of January 1, 2019, rolled forward to a measurement date of December 31, 2019.

## **Actuarial Assumptions**

The following are the actuarial assumptions applied to all periods included in the measurement:

## **Public Employee Pension Plan**

Actuarial Cost Method	Entry Age Normal		
Amortization Method	Level Percentage of Payroll, Closed		
Remaining Amortization Period	29 years		
Asset Valuation Method	5 year smoothed market		
Inflation	2.25%		
Salary increases	2.5% to 6.5%, including inflation		
Payroll growth rate	2.50%		
Cost of Living Increase	0.00%		
Investment rate of return	7.00%		
Retirement Age	Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the 2018 valuation pursuant to an experience study of the period 2012 - 2016.		
Post-Retirement Mortality	RP-2014 Healthy Annuitant Mortality Table, fully generational, projected with Scale MP-2017		
	Males: No set back with a multiplier of 100%		
	Females: No set back with a multiplier of 88%		
Pre-Retirement Mortality	RP-2014 Employee Mortality Table, fully generational, projected with		
	Scale MP-2017		
	Males: No set back with a multiplier of 100%		
	Females: No set back with a multiplier of 100%		

## State Patrol, Game & Fish Warden and Criminal Investigator Pension Plan

Actuarial Cost Method	Entry Age Normal		
Amortization Method	Level Percentage of Payroll, Closed		
Remaining Amortization Period	29 years		
Asset Valuation Method	5 year smoothed market		
Inflation	2.25%		
Salary increases	2.50% to 8.50%, including inflation		
Payroll growth rate	2.50%		
Cost of Living Increase	0.00%		
Investment rate of return	7.00%		
Retirement Age	Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the 2018 valuation pursuant to an experience study of the period 2012 - 2016.

	Scale MP-2017		
	Males: No set back with a multiplier of 100%		
	Females: No set back with a multiplier of 100%		

The plan's trustees adopted the assumed rate of investment return after considering input from the plan's investment consultant(s) and actuary(s). Additional information about the assumed rate of investment return is included in the WRS actuarial valuation report as of January 1, 2019. In addition, a five-year experience study was completed as of December 31, 2016 and this study provides a detailed analysis regarding recommendations on the long-term rates for inflation and the real rate of return. The assumed rate of investment return of 7.00% (real return net of inflation of 4.75%) falls within a reasonable range of the long-term expected rate of return.

The long-term expected rate of return on pension plan investments was determined using a building block method in which expected future real rates of return (expected arithmetic returns, net of pension plan investment expense and inflation) are developed for each major asset class. These real rates of return are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Each major asset class is included in the pension plans target asset allocation for the fiscal year 2019. These best estimates are summarized in the following table:

Asset Allocation			
Asset Class	Target Allocation	Long-Term Expected Geometric Real Rate of Return	Long-Term Expected Arithme- tic Real Rate of Return
Cash	2.00%	-0.20%	-0.20%
Fixed Income	21.00%	1.32%	1.67%
Equity	48.50%	5.43%	7.42%
Marketable Alternatives	19.00%	3.46%	4.33%
Private Markets	9.50%	4.46%	5.58%
Total	100%	3.99%	5.30%

Meketa Investment Group, the investment consulting firm for the Wyoming Retirement System, supplied the figures in the above table.

WRS's success in achieving the 7.00% assumed investment return objective is evaluated on an ongoing basis over reasonably long periods of time (5 to 7 years). The reason for the long-term focus on the return objective is to preclude the temptation towards overreaction to short-term market events that have little to no bearing on long-term asset/liability management. The Board must reconcile its need to evaluate investment policy implementation decisions over shorter time frames while maintaining longer-term focus on managing and measuring the portfolio's overall performance relative to the long-term return objective.

## **Discount rate**

The discount rate used to measure the total pension liability for each of the 8 plans was:

Public Employees Plan	7.00%
Warden, Patrol and DCI Plan	7.00%
Volunteer Firefighter, EMT, and Search & Rescue Plan	7.00%
Paid Firefighter A Plan	3.09%
Paid Firefighter B Plan	7.00%
Judicial Plan	7.00%
Law Enforcement Plan	7.00%
Air Guard Firefighters Plan	7.00%

Projected benefit payments are required to be discounted to their actuarial present values using a single discount rate that reflects 1) a long-term expected rate of return on pension plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits using a 100 year analysis) and 2) tax-exempt municipal bond rate based on an index of 20 year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For purposes of this valuation, the expected rate of return on pension plan investments is 7.00%, the municipal bond rate is 2.75% (based on the weekly rate closest to but not later than the measurement date of the "state and local bonds" rate from the Federal Reserve statistical release (H.15); and the resulting single discount rates are listed above.

#### Sensitivity of the net pension liability (Asset) to changes in the discount rate

The following table represents the net unfunded pension liability for each plan calculated using the discount rate as previously discussed as well as what it would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher that the rate used:

	1% Decrease	Current Single Discount Rate Assumption	1 % Increase
Public Employees Plan	6.00%	7.00%	8.00%
Net Pension Liability	\$ 3,550,342,189	\$ 2,349,926,281	\$ 1,348,068,781
Warden, Patrol & DCI Plan	6.00%	7.00%	8.00%
Net Pension Liability	\$ 62,695,798	\$ 38,553,619	\$ 18,673,307
Volunteer Firefighter, EMT and Search & Rescue Plan	6.00%	7.00%	8.00%
Net Pension Liability	\$ 42,032,167	\$ 27,985,420	\$ 16,374,901
Paid Firefighter A Plan	2.09%	3.09%	4.09%
Net Pension Liability	\$ 315,783,695	\$ 260,575,393	\$ 216,318,321
Paid Firefighter B Plan	6.00%	7.00%	8.00%
Net Pension Liability	\$ 31,459,950	\$ 7,107,456	(\$ 13,089,140)
Judicial Plan	6.00%	7.00%	8.00%
Net Pension Liability	\$ 2,574,413	(\$ 865,959)	(\$ 3,829,426)
Law Enforcement Plan	6.00%	7.00%	8.00%
Net Pension Liability	\$ 192,166,204	\$ 86,198,721	(\$ 427,735)
Air Guard Firefighter Plan	6.00%	7.00%	8.00%
Net Pension Liability	\$ 2,262,809	\$ 925,842	(\$ 170,922)

## **Average Expected Remaining Service Lives**

#### **Deferred Inflow of Resources and Deferred Outflow of Resources**

Each employer will need to calculate two additional types of deferred outflows of resources and deferred inflows of resources which are employer specific amounts. These amounts relate the 1) net impact from changes in proportion (allocation percentage) between the periods; and 2) contributions made to the plan subsequent to the measurement date (December 31, 2019) and before the end of the employer's reporting period (many WRS employers have a fiscal year end of June 30, 2020).

The employer is solely responsible for its financial statements and, therefore, is responsible for evaluating the information used to recognize and disclose pension amounts in its financial statements. Each employer will be responsible to apply their allocation percentage to the collective amounts provided in the Schedule of Collective Pension Amounts. Similarly, the employer's auditor is solely responsible for the audit of the employer's financial statements, and therefore, is responsible for determining the sufficiency of audit evidence necessary to reduce audit risk to the appropriate level. Nevertheless, the employer and their auditor may use the System's report to provide evidence that the pension amounts allocated to the employer are not materially misstated.

#### **Plan Pension Expense**

Plan pension expense consists of changes that are expensed immediately as well as amortizations relating the difference between expected and actual experience, changes in actuary assumptions and differences between projected and actual investment earnings on pension plan investments. Details of the deferred inflow and deferred outflow of resources and the pension expense for each plan are contained in the different sections for each plan in this report.

The amortization period for liabilities is based on the remaining service lives of all employees in each plan that are provided with pensions through the System determined at the beginning of the measurement period. The amortization of the net difference between projected and actual investment earnings on pension plan investments is amortized over a closed 5 year period inclusive of this fiscal year.

The following table provides a summary of the plan pension expense and related amortization periods for each plan.

	Pension Expense	Recognition Period for Liabilities Avg expected remaining service Lives of all employees (in years)	Recognition Period for Actual vs Projected Investment Return (in years)
Public Employees Plan	\$ 309,157,003	3.9563	5.0000
Warden, Patrol & DCI Plan	\$ 2,250,571	4.1483	5.0000
Volunteer Firefighter, EMT, and Search & Rescue Plan	\$ 4,040,945	4.0494	5.0000
Paid Firefighter A Plan	\$ 45,257,941	1.0000	5.0000
Paid Firefighter B Plan	\$ 4,923,575	6.9999	5.0000
Judicial Plan	\$ 929,531	6.6532	5.0000
Law Enforcement Plan	\$ 27,840,103	4.3883	5.0000
Air Guard Firefighter Plan	\$ 221,004	8.0476	5.0000
