

The image shows the homepage of the Wyoming Retirement System (WRS) website. The header features the WRS logo and navigation links for Members, Retirees, Employers, 457(b) Plan, About, and Login. The main content area has a dark background with the text "Wyoming Retirement System" and a "Learn More" button. To the right is a large, scenic photograph of a road through a mountainous landscape with snow-capped peaks. At the bottom, a white banner contains the text "Your Pension, Your Future" and a link to learn about WRS' mission.

Terms and Conditions

Benefits provided under the pension plans administered by the Wyoming Retirement System represent merely one aspect of a member's retirement financial planning and should not be expected to replace one hundred percent (100%) of the member's pre-retirement income.

Cost-of-living and other benefit increases are not incorporated into a member's benefit, emphasizing the importance for members to build additional resources for retirement income, such as personal savings.

I accept the terms and conditions

My employer and I have discussed my job duties and have determined I am eligible to participate in the Retirement Plan. I understand that if I am placed in the wrong plan, my benefit will be affected at retirement.

I accept the terms and conditions

Two Factor Authentication Settings

Two factor authentication is used to further secure your account by requiring an extra layer of security when logging in on a new device or after a period of time.

Currently, verification codes are being sent over email to

As of 11/15/2025, we are requiring account validation codes to use your phone instead. Click below to switch to phone verification

Email-based MFA is less secure because it creates a single point of failure; if an attacker gains access to your email account, they can gain access to your portal account and your MFA codes. Because of this, **we highly recommend you use SMS (Phone) MFA instead of email.**
